REPORT ON BUSINESS

1. **Provide a general overview and discussion of the development of the Issuer’s business and operations over the previous month. Where the Issuer was inactive disclose this fact.**

Alliance Growers is a diversified cannabis company driven by the Company's four pillars business plan -- Cannabis Biotech Complex, strategic Licensed Producer investments, CBD oil supply & distribution, and research & development.

Cannabis Biotech Complex - Alliance Growers had entered into an Option Agreement with WFS Pharmagreen Inc. (“Pharmagreen”) and its subsidiary, 1155097 BC Ltd. (1155097), to create a strategic relationship, together with equity participation by Alliance Growers and Pharmagreen, whereby Alliance Growers has acquired a 10% equity interest in Pharmagreen’s subsidiary 1155097, with an option to increase to a 30% equity interest.

Given COVID and other challenges in the cannabis space, including a smaller market due to LP failures, PharmaGreen has decided to develop a smaller facility initially to reduce capex in order to accelerate construction time to get its products to the market as soon as possible. PharmaGreen is getting closer to closing on a \$20M Bond Offering in Europe, which will fund the down-sized Tissue Culture Complex as well as Hemp operations in the US. Pharmagreen is modifying its engineering plans to reduce the size of the initial phase of the Tissue Culture Facility. The anticipated completion for construction of the facility is in Q2 of 2022.

Strategic Investments in Licensed Producer Applicants - Through a series of strategic investments under negotiation with Licensed Producer Applicants at various stages in the Health Canada Regulations license process, Alliance Growers is focused on securing long term plantlet sale contracts for the Cannabis Biotech Complex and off-take agreements at wholesale cost for flower to be acquired by Alliance Growers for CBD oil extraction.

Alliance Growers has been developing its plan to embrace the inevitable change by looking at partnerships with companies whereby Alliance Growers will provide its jointly developed proprietary medical cannabis products such as the CBD Dana strain.

CBD Oil Supply and Distribution - Alliance Growers has completed an agreement with Pharmagreen and B.R.I.M. to build and operate a world-class Biotech Complex, which will include an extraction and processing of CBD oil.

Research and Technology - The Company intends to form partnerships with world class R&D cannabis specialists and through its association with Pharmagreen and B.R.I.M. As the business model for Alliance Growers evolves from just being a producer of medical marijuana to one of being a developer and distributor of a much wider range of related products, both within the jurisdictions where marijuana is permitted, and non-cannabis products in those areas not yet approved by the regulators, management continues to identify opportunities to make this transition under its Four Pillars organization Plan.

2. Provide a general overview and discussion of the activities of the management.

Audited Financial Statements

The COVID-19 pandemic has continued to cause business disruptions across all industries, including the cannabis space. The Company has expanded its work with its auditors to complete both the August 31, 2019 and August 31, 2020 annual Financial Statements, together with the interim filings for Q1, Q2 and Q3. Management anticipates completion of audits and other regulatory financial reporting and filings during the second quarter of 2021.

Global Medical Cannabis Opportunities

On February 7, 2020, Alliance Growers reported that the Company had negotiated a Letter of Intent, allowing Alliance to offer “10 acre farm out parcels” to other cannabis companies, as well as operating its own 10 acre farms. Alliance Growers continues to evaluate the outdoor grow opportunity in Sierra Leone “West Africa”. during this disruption to the normal course of business created by the COVID-19 pandemic. Due to this ongoing situation, the Company has had no choice but to defer its initial planting of the medical cannabis in West Africa from this year to 2021 or later, subject to operating conditions being safe at the time.

The Company is in final stages of negotiations with a Canadian distillery to supply spirits to be infused with CBD. Both companies are nearing completion of their due diligence and the Company anticipates a formal agreement within approximately 60 days. The infused products will be developed initially for export to the USA and eventually in Canada once Canadian regulations permit the sale of CBD infused spirits within Canada. The private company already has a premium vodka product that will be re-launched for distribution in Canada. There will be a financing concurrent with the arrangement which may include acquisition of the distillery.

CBD Product distribution in the US with TABU Branded products

On September 4, 2020, the Company reported that it had entered into a Letter of Intent (“LOI”) to acquire all the issued and outstanding shares of an arms length private company, Tabu Canada Corp. (“Tabu”), on a one for one share exchange by way of issuance of up to 32 million Units, at a value of \$0.035 per Unit. Each Unit consists of one common share and one-half share purchase warrant exercisable at \$0.10 per whole warrant for a period of two years subject to an acceleration clause. The LOI called for the completion of a Definitive agreement following a due diligence process, with closing anticipated contemporaneously with the return to trade following all filings being current and the cease trade lifted.

After careful consideration following several months of due diligence, the Board of Alliance Growers determined that the financial projections and the business plan did not meet their criteria. In addition, the board was not satisfied with the disclosure regarding the Tabu distribution platform and the existence of a viable and effective marketing plan. The Board has determined that this arrangement is not in the best interests of the company and its shareholders going forward, and as a result, will not be proceeding with the transaction.
