

News Release

Advantagewon Oil Corp., Continues to Acquire Oil Production and Lease Interests in LaVernia

FOR IMMEDIATE RELEASE

Aug 14th, 2017

Toronto, Ontario, August 14th, 2017 – Advantagewon Oil Corp., (CSE: AOC), (the “Corporation”, “Advantagewon”) announced today that it has entered into a Purchase and Sale Agreement to purchase 100% working interests (75% net revenue interest) in a property lease adjacent in the LaVernia field in the State of Texas. Total purchase price for the lease will be Two Hundred and Twenty-Five Thousand Dollars (“\$225,000.00”) USD.

The property Advantagewon is acquiring currently has three existing producing wells on site, which produce on average 15 Bbls of Oil per day. The Corporation intends on examining applying technologies to increase production of the three existing wells, which if successful, could potentially triple the daily production capacity of the three existing wells.

Total size of the property that Advantagewon is acquiring via this transaction is 290 acres, and as a result of this acquisition, Advantagewon now owns approximately 3,500 acres in the LaVernia field.

The Corporation’s NI 51-101 (a copy of which is on our website) indicated an undiscounted value of US\$96,000,000 for the 1,200 acres included in the report. The Corporation is hopeful that its two recent acquisitions in the LaVernia field will yield similar results and provide the Corporation with many drilling opportunities.

The Qualified Person for the Corporation is Derek Stonehouse, Senior Exploration Technologies.
