

News Release

Advantagewon Oil Corp., Provides Update on Two Additional Wells Brought on Production and Adds One More.

FOR IMMEDIATE RELEASE

May 10th, 2018

Toronto, Ontario, May 10th, 2018 – Advantagewon Oil Corp., (CSE: AOC), (OTCQB: ANTGF), (the “Corporation”, “Advantagewon”, “AOC”) provides this update with respect to the two wells brought back to production announced last week.

The Corporation’s new oil well operator in the LaVernia continues to familiarize himself with the company leases and wells and has identified opportunities for the company to bring some additional existing wells back on production. To date three wells have been brought back on and production testing is currently underway on these wells with results expected by the end of this week. This has been accomplished at very little cost to the company.

We expect to find similar opportunities as work progresses.

CEO, Mr. Charles Dove stated: “I look forward to finding additional opportunities to add production on the company’s lease holdings by restoring existing wells to production. It is vital that we extract all possible value from our holdings and these incremental low cost additions will contribute to our goal of achieving positive cash flow.”

About Advantagewon Oil Corp.

Advantagewon is focused on building consistent cash flow from low cost, low risk oil wells in the State of Texas. AOC applies specialized expertise in oil pool development by development drilling, pressure restoration and maintenance using water and chemical injection to increase oil recovery from 10-15% to up to 75% for each pool. Once the enhanced recovery strategy is successfully applied, AOC will repeat the process throughout the oil pool to maximize output and minimize cost and risk. Advantagewon’s common shares are listed on the OTC Markets in the United States and on the Canadian Securities Exchange (“CSE”) in Canada. Advantagewon is a member of the CSE Composite Index (CSE:AOC). For more information please visit www.aoc-oil.com
