### Advantagewon Oil Corp., Adds Additional Well and Provides Production Update

FOR IMMEDIATE RELEASE

May 14<sup>th</sup>, 2018

**Toronto, Ontario, May 14<sup>th</sup>, 2018** – Advantagewon Oil Corp., (CSE: AOC), (OTCQB: ANTGF), (the “Corporation”, “Advantagewon”, “AOC”) provides this update with respect to the three wells brought back to production announced last week.

Production testing has been conducted on the three wells brought back on line as oil producers last week and AOC is pleased to announce that in total we have added three barrels of oil per day (3 BOPD). This has been accomplished at very little cost to the company.

AOC is also please to announce that we have found an additional well (our fourth since we started a detailed inventorying of our land packages) that has been brought on late last week. We continue to review all properties and wells and expect to find similar opportunities as work progresses. We will make periodic announcements of wells returned to production and rates as they become available.

CEO, Mr. Charles Dove stated: “I am pleased with the progress on adding production on the company’s lease holdings by restoring existing wells to production. It is vital that we extract all possible value from our holdings and these incremental low cost additions will contribute to our goal of achieving positive cash flow.”
