

ARway Corp. Now Trading Internationally on the Frankfurt Stock Exchange (FSE: E65)

TORONTO, O.N, Canada – November 11, 2022 – [ARway Corporation](#) (“ARway” or the “Company”) (CSNX: ARWY), (OTC: ARWYF), (FSE: E65) is disrupting the Augmented Reality Wayfinding market with a no-code, no beacon spatial computing platform enabled by visual marker tracking. ARway is pleased to announce it is now listed to trade internationally on the Frankfurt Stock Exchange under the symbol: E65. Frankfurt Stock Exchange is the largest of the seven stock exchanges in Germany.

[On November 7, the Company announced](#) that its common shares began trading in the USA on the OTC Pink Sheet Open Market under the stock symbol: ARWYF. To gain additional liquidity and appeal to a broader market the Company has applied to be listed in the United States on the OTCQB Venture Market by the OTC Markets Group Inc.

[On October 26, 2022 ARway was spun-out](#) by Nextech AR Solutions (OTCQB: NEXCF) (CSE: NTAR) (FSE: N29) as a stand alone public company.

Nextech AR is focused on creating shareholder value by acquiring and/or developing ground-breaking 3D, augmented reality and artificial intelligence technologies. Nextech AR has been successful in developing and operating ARway, [ARitize 3D](#), [Toggle3D](#), and [MapD](#). By incubating them and then bringing them to market directly or through a spin-out transaction, the Company believes that this method unlocks significant value. With the recent success in unlocking \$50 million in value with ARway’s spin out, Nextech AR is now actively considering additional similar spin-out

About ARway Corp

ARway is a no-code spatial computing platform for the real-world Metaverse. It enables AR-enhanced indoor navigation and wayfinding solutions for large, multi-purpose venues enabled by marker-based tracking using QR codes. Visitors can access a venue map by scanning a QR code with their smartphone upon entering the venue to navigate to any Point of Interest (POI) with step by step directions, learn information about those POIs, and interact with rich AR content and experiences along the way.

The ARway offering has an unlimited number of use cases for augmenting physical spaces in the metaverse, consisting of indoor navigation with AR activations to improve the visitor experience in large and complex spaces. With value propositions spanning multiple industries and use cases, ARway leverages Nextech's 3D/AR technology solutions to new substantial markets, for use by creators, brands, and companies.

The ARway Platform Includes:

Web Creator Platform

The Web-Based Creator Platform provides 'advanced' authoring capabilities compared to the mobile app, including the ability for creators to upload their own OBJ/GLB files, and create their own 3D objects. Placing content in a large area using only mobile app required the user to physically be in the specific location which was unscalable. The web studio allows the user to place and author content remotely and at scale.

Mobile App

With the ARway mobile app, anyone can spatially map their location within minutes using their smartphone, and populate it with interactive 3D content, augmented reality wayfinding, audio, text, images, and more. Nextech AR provides several pre-loaded 3D objects which creators can leverage to populate their metaverse.

Download the Mobile App

Apple iOS - [click here](#)

Google Play Store - [click here](#)

ARwayKit SDK

The Software Development Kit contains code libraries and API information that allows developers to build their own white label & private label mobile apps on both iOS and Android leveraging ARway's technology and creator tools to build AR wayfinding and spatial experiences. Creators will be able to develop white label and private label apps and access ARway APIs to author maps using the Web Creator Portal. The SDK features the latest and greatest of the ARway mobile app.

On October 26, 2022, ARway Corp. was spun-out from its parent Company, Nextech AR Solutions (OTCQB: NEXCF) (CSE: NTAR) (FSE: N29). Nextech AR
