Vancouver, B.C.– Alpha Esports Tech Inc. (CSE: [ALPA](#)) (FSE: [9HN](#)), (OTC PINK: [APETF](#)) (“Alpha” or the “Company”), a technology company that focuses on emerging markets in esports, mobile gaming, commerce, blockchain, and high growth opportunities, has announced today that its common shares are now eligible for electronic clearing and settlement through the Depository Trust Company (“DTC”) in the United States. The Company’s common shares are quoted in the United States on the OTC Venture Market under the symbol “APETF”

DTC is a subsidiary of the Depository Trust & Clearing Corporation, a company that manages the electronic clearing and settlement of publicly-traded companies. Securities that are eligible to be electronically cleared and settled through DTC are considered “DTC eligible.” This electronic method of clearing securities speeds up the receipt of stock and cash and thus accelerates the settlement process for investors and brokers, enabling the stock to be traded over a much wider selection of brokerage firms.

In addition to trading in the United States on the OTC Venture Market, the Company’s common shares will continue to trade on the Canadian Securities Exchange (CSE) under the symbol “ALPA” and the Frankfurt Stock Exchange under the symbol “9HN.”

“Receiving our DTC eligibility is a major milestone for Alpha Esports, and represents our commitment to expanding our investor base while increasing efficiency and accessibility,” said interim Chief Executive Officer, Matthew Schmidt. “DTC allows Alpha to expand our reach to a larger portion of the global investment community, while providing a more efficient and seamless trading process.”
