### **About Auxellence Health Corporation (CSE: AID, OTCQB: AXHLF)**

Auxellence is a technology company engaged in the provision of medical monitoring, diagnostics, therapeutics and biomedical online services for common health problems. The company offers an extensive platform for physiologically interactive computing supporting therapeutic-diagnostic (theranostic) devices, expert systems, and recommender applications for personal health management. The initial focus is on weight loss management and skin conditions.

### **About Tulip™**

TULIP™ is a medical device cleared for sales in Canada and Europe as a blood pressure monitor with interactive protocols. The device enables physiologically interactive health apps useful in testing, tracking, and treating common health conditions. The online system is aimed primarily at “practicing patients” interested in normalizing blood pressure, blood glucose, and body weight. Session schedules, measurement procedures, and conditioning protocols are prescribed automatically by the system from extemporaneous data acquired from the user.
