

PACIFIC RIM COBALT COMMENTS ON RECENT MARKET ACTIVITY

September 25, 2018 - VANCOUVER, British Columbia - Pacific Rim Cobalt Corp. (CSE:BOLT) (FRANKFURT:[NXFE](#)) (OTCQB:PCRCF) (the "Company" or "Pacific Rim Cobalt"), wishes to make the following statements regarding recent market activity concerning its common shares (the "Common Shares") traded on the OTCQB marketplace.

The Company became aware of certain promotional activity on its securities on September 21, 2018 when it received correspondence from OTC Markets. The Company has no knowledge of any promotional activity other than its understanding that there appears to have been promotional material describing the prospects of its business and the investment opportunity related to its securities. Although the Company has no way of directly correlating such promotions to their impact on its securities, the effect of this on the Company's securities may have resulted in an incremental increase in trading volume.

The promotional material presents a general overview of the Company's business and operations and the growth potential of the electric vehicle industry and more specifically the growing lithium-ion battery industry. It contains some speculative language and forward-looking statements about investment potential, but the Company does not believe it contains any materially false or misleading statements about the Company. The Company engaged Resultz Media on July 15, 2018 for the purpose of business development and public relations, and while the promotional material referenced above was not directly procured or paid for by the Company, the Company was not at any time provided a copy of such materials by Resultz Media, and the Company had no editorial control over the content, the Company acknowledges that it may have indirectly contributed to the creation and distribution of such material due to its engagement of Resultz Media.

The Company routinely responds to inquiries from shareholders, potential investors, and investment analysts, and generates its own marketing materials. However, to the Company's knowledge, neither the Company, its officers, directors, any controlling shareholders, or any third-party service providers have, directly, or indirectly, authorized or been involved in any way (including payment to a third party) with the creation or distribution of promotional materials that make any exaggerated or misleading claims about the Company or its securities.

Since September 21, 2017, the Company has engaged the following third-party providers of investor relations, public relations, marketing and other related services: Full Service Media Inc., One22 Media, LLC, Native Ads Inc., Public Eye Consulting Busche, BlackX Management GMBH, Midam Ventures, LLC, and Resultz Media.

Upon inquiry of management, directors, control persons and third-party service providers, during the past 90 days, Sean Bromley, Director of the Company purchased an aggregate 50,000 common shares of the Company, and Ranjeet Sunder, President and Chief Executive Officer of the Company, purchased 25,000 common shares of the Company. The Company is unaware of any such persons having executed any sales transactions during such time period. Such transactions were in accordance with the Company's insider trading policy and were reported with the System for Electronic Disclosure ([www.SEDI.ca](#)).
