Date: April 1, 2019

Report on Business

- 1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.**

On March 5, 2019, the Issuer announced that it had entered into a formal retailer relationship with Healthy Planet, an Ontario holistic wellness company with 24 Ontario, Canada shops, to sell Urban Juve's Ayurveda-inspired skin care products. Distribution and sales will begin as early as April 2019.

On March 7, 2019, the Issuer announced that its subsidiary, Urban Juve, has filed a Registration with Health Canada for a formula entitled "Sensual Lubricant" which contains hemp root oil produced with Urban Juve's patent pending extraction technology. The Urban Juve formula is vegan and free from silicone, parabens and glycerin that can cause irritation. The Issuer, through its subsidiary, has filed a provisional patent application in the US for Sensual Lubricant designed to increase female pleasure. The Issuer will need to conduct clinical trials to support its claims.

On March 11, 2019, the Issuer announced it had completed initial designs for a commercial hemp root oil production facility, and sourced and ordered key equipment for its proprietary extraction technology. After reviewing the data from its hemp root oil production to date, the Issuer designed a state-of-the-art system to enhance the traditional Ayurvedic methods of extraction that produce consistent, high-quality products. The versatility of the new equipment allows further refinement to the process of extracting cannabinoids from industrial hemp that are exempt from the Cannabis Act. Extraction equipment will arrive within weeks, allowing for the production and testing of sample batches of hemp root oil using the enhanced design. The Issuer anticipates the new commercial hemp root oil extraction facility will be fully operational by late 2019.

On March 13, 2019, the Issuer announced that its subsidiary, Yield Botanicals Inc., entered into an agreement with Vandenbosch Trading Company Ltd. to purchase a 10 acre property. The purchase includes over 2.5 acres of well-equipped and automated greenhouses, currently operating as an orchid flower grow and essential oil extraction business. The total price for the land, buildings, greenhouses, and equipment is \$2.4 million. The Issuer has available cash on hand to complete the purchase. This strategic asset purchase will allow the Issuer to grow plants and build out extraction facilities in the existing infrastructure, while providing plenty of room for further expansion. Owning the property will give the Issuer complete control of key proprietary ingredients for its products, including hemp root oil. Closing of the purchase is subject to a building inspection satisfactory to the Issuer.

On March 14, 2019, the Issuer announced that it had engaged the Faculty of Pharmaceutical Sciences at the University of British Columbia to identify and quantify anti-inflammatory and other bioactive compounds in its hemp root oil derived by the Issuer's proprietary extraction methods.

On March 19, 2019, the Issuer announced that Urban Juve skincare and personal wellness products will soon be available for purchase in 70 retail locations within Ontario, Saskatchewan, and British Columbia.

On March 21, 2019, the Issuer announced that its new cannabis wellness brand, *Wright & Well*, will be launching in Oregon. The products are intended to help relieve pain and anxiety, and will be sold through a distribution network of 400 retail cannabis stores. The initial nine products include THC and CBD oils, analgesic topical gel with THC and CBD, pain balm with THC and CBD, massage oil with THC and CBD, and three types of capsules containing THC and Ayurvedic herbal formulations, blended with ingredients that have historically been used to treat arthritis and chronic pain. *Wright & Well* products will be launching in the legal cannabis market in Oregon.

On March 26, 2019, the Issuer announced Mad Wallaby Distribution Inc. as a new, wholly owned subsidiary, which has been submitted for incorporation in the State of California. Mad Wallaby establishes legal US retail and e-commerce distribution for beauty, health and wellness brands with products containing hemp ingredients including cannabidiol from hemp (CBD) that have less than 0.3 percent concentrations of THC.

On March 28, 2019, the Issuer announced that it has completed product development of Urban Juve Micellar Water, a new, gentle facial cleanser, which is in the final testing phase before launch. Urban Juve Micellar Water is now in final stability testing in recyclable plastic packaging to establish a two year shelf life. The testing is anticipated to be complete in May 2019, at which time the product can go into production to launch later in the year.

2. Provide a general overview and discussion of the activities of management.

Please see Item 1 above.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

Please see Item 1 above.

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

None.

5. Describe any new business relationships entered into between the Issuer, the Issuer's affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

Please see Item 1 above.
