NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the periods ended March 31, 2021 and 2020

(Unaudited - Expressed in Canadian Dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

CDN Maverick Capital Corp. (formerly Caelan Capital Inc.) (the "Company"), incorporated in British Columbia, is a public company listed on the Canadian Securities Exchange ("CSE") under the symbol CDN, on the Frankfurt Exchange under the symbol A117RU, and on the OTCQB under the symbol AXVEF. The address of the Company's corporate office and its principal place of business is #2150 - 555 West Hastings Street, Vancouver, British Columbia, Canada, V6B 4N6.

Effective as at January 22, 2021, the Company successfully completed its listing on the OTCQB markets.

On November 4, 2020, the Company completed a share consolidation at a ratio of one new, post-consolidated share for every two old, pre-consolidated shares and concurrently changed its name to CDN Maverick Capital Corp. All share amounts in these financial statements are reflected on a post-consolidated basis.

The Company is in the exploration stage and its principal business activity is the sourcing and exploration of mineral properties in North and South America. The Company is in the process of exploring and evaluating its mineral properties and has not yet determined whether these properties contain ore reserves that are economically recoverable. The recoverability of amounts shown for mineral properties and related capitalized exploration expenditures is dependent upon the discovery of economically recoverable reserves, confirmation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain necessary financing to complete the development and upon future profitable production or proceeds from the disposition thereof.

These consolidated interim financial statements are prepared on a going concern basis, which assumes that the Company will continue its operations for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. The Company has incurred losses since its inception and has an accumulated deficit of \$13,904,085 at March 31, 2021 which has been funded primarily by issuance of shares. The Company's ability to continue its operations and to realize assets at their carrying values is dependent upon obtaining additional financing or maintaining continued support from its shareholders and creditors and generating profitable operations in the future. The Company has been successful in the past in raising funds for operations by issuing shares but there is a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. If the Company is unable to raise the necessary capital and generate sufficient cash flows to meet obligations as they come due, the Company may have to reduce or curtail its activities or obtain financing at unfavorable terms. Furthermore, failure to continue as a going concern would require the Company's assets and liabilities be restated on a liquidation basis which would differ significantly from the going concern basis. These consolidated interim financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern.

In March 2020 the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. Management continues to monitor the impact but anticipates that the pandemic may affect the Company's ability to raise future financing.

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the periods ended March 31, 2021 and 2020

(Unaudited - Expressed in Canadian Dollars)

These consolidated interim financial statements were authorized for issue on May 31, 2021 by the directors of the Company.

2. BASIS OF PRESENTATION AND STATEMENT OF COMPLIANCE

These consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) applicable to the preparation of interim financial statements, including International Accounting Standards (“IAS”) 34, Interim Financial Reporting. These consolidated interim financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the Company’s audited annual financial statements for the year ended December 31, 2020, which have been prepared in accordance with IFRS.

These consolidated financial statements include the accounts of the Company and its 100% wholly owned subsidiaries Midas Capital Inc. (“Midas”) and Acrex Minerals (U.S.) Inc. (“Acrex US”). Midas was incorporated in the Province of British Columbia and Acrex US was incorporated in the State of Nevada. Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

These consolidated interim financial statements have been prepared on the historical cost basis. The presentation and functional currency of the Company is the Canadian dollar.

3. SIGNIFICANT ACCOUNTING POLICIES

a) Significant accounting judgments, estimates and assumptions

The preparation of the Company’s consolidated interim financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and contingent liabilities at the date of the consolidated interim financial statements and reported amounts of revenues and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management’s experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Critical judgments in applying accounting policies:

The following are critical judgments that management has made in the process of applying accounting policies and that have the most significant effect on the amounts recognized in the consolidated interim financial statements:

- the determination that the Company will continue as a going concern for the next year; and
- the assessment of indications of impairment of each mineral property and related determinations of the net realizable value and write-down of those properties where applicable.
