

CleanGo Innovations Inc. Announces Partial Acquisition of AgritechBC Solutions Inc

VANCOUVER, BC & Houston, Texas – April 1, 2026 – CleanGo Innovations Inc. (CSE: CGII; OTCQB: CLGOF; FRA: APO.F), (“CleanGo” or the “Company”), is pleased to announce it has entered into a definitive Stock Purchase Agreement dated March 27, 2026, to acquire a **49% equity stake** in **AgritechBC Solutions Inc.** ("AgritechBC" or the "Company"). This transaction aligns CleanGo’s green solutions and capital markets expertise with a global reach for AgritechBC’s proprietary, nature-based technologies to address the escalating global demand for organic environmental restoration. This acquisition is the result of the earlier mentioned LOI between AgritechBC Solutions Inc. and CleanGo Innovations Inc. announced on Oct 21, 2025.

A Proven Scientific Approach to Global Challenges

The acquisition focuses on a suite of exclusive intellectual property that represents a paradigm shift in environmental science. AgritechBC’s technologies, including **MycoSet™**, **BioIngress™**, and **PhytoCentra™**, these products are developed on a foundation of solid, natural, and scientifically proven processes. Unlike traditional chemical treatments, these solutions are **truly organic**, utilizing natural mechanisms to manage landfill waste and remediate contaminated industrial sites, oil leases without introducing synthetic toxins into the ecosystem.

Addressing a Global Market

By acquiring this stake, CleanGo is positioned to penetrate the **Global Environmental Remediation Market**, which was valued at approximately **\$113.6 billion in 2024** and is projected to reach **\$210.56 billion by 2030**.¹ Furthermore, the global **Waste Management Market**—specifically focusing on landfill optimization—represents an additional **\$1.5 trillion opportunity** as municipalities shift toward sustainable, organic diversion and treatment strategies.² please note: this may not be indicative to CGII future results.

Executive Commentary

Anthony Sarvucci, CEO of CleanGo Innovations Inc., commented:

"This acquisition is about more than just equity; it is about bringing a truly organic solution to a world that currently utilizes chemical shortcuts. The technology behind **MycoSet™** is scientifically solid and naturally proven to handle the toughest remediation and landfill challenges.

Adam Sexsmith, Director of AgritechBC Solutions Inc., stated:

"Partnering with CleanGo provides the strategic engine necessary to take our scientific breakthroughs from the lab to the global stage. Our technology is rooted in nature, and with CleanGo's global reach and financial capability, we can now scale these organic remediation solutions to address environmental crises on a worldwide scale. This agreement ensures that our IP is utilized strictly for high-impact commercialization projects that prioritize ecological integrity."

About CleanGo Innovations Inc.

CleanGo Innovations Inc. (CSE: CGII; OTCQB: CLGOF; FRA: APO) is a leading developer and manufacturer of proprietary **Green solutions** in the **residential, oil and gas, marine, and industrial cleaning markets**, utilizing green chemistry and commercial infrastructure certified green, non-toxic, and sustainable cleaning and industrial solutions. With a focus on innovation and environmental responsibility, CleanGo offers a diverse portfolio of products for retail, commercial, and industrial applications, including the demanding oil and gas services sector.

This joint venture underscores CleanGo Innovations' commitment to global expansion and its dedication to fostering a cleaner, greener future for critical industries worldwide.
