

FORM 5

QUARTERLY LISTING STATEMENT

Name of Listed Issuer: **Canter Resources Corp. (the “Issuer”)**.

Trading Symbol: **CRC**

This Quarterly Listing Statement must be posted on or before the day on which the Issuer's unaudited interim financial statements are to be filed under the *Securities Act*, or, if no interim statements are required to be filed for the quarter, within 60 days of the end of the Issuer's first, second and third fiscal quarters. This statement is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by the Exchange Policies. If material information became known and was reported during the preceding quarter to which this statement relates, management is encouraged to also make reference in this statement to the material information, the news release date and the posting date on the Exchange website.

General Instructions

- (a) Prepare this Quarterly Listing Statement using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the following items must be in narrative form. When the answer to any item is negative or not applicable to the Issuer, state it in a sentence. The title to each item must precede the answer.
- (b) The term “Issuer” includes the Listed Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

There are three schedules which must be attached to this report as follows:

SCHEDULE A: FINANCIAL STATEMENTS

Financial statements are required as follows:

For the first, second and third financial quarters interim financial statements prepared in accordance with the requirements under Ontario securities law must be attached.

If the Issuer is exempt from filing certain interim financial statements, give the date of the exempting order.

SCHEDULE B: SUPPLEMENTARY INFORMATION

The supplementary information set out below must be provided when not included in Schedule A.

1. Related party transactions

Provide disclosure of all transactions with a Related Person, including those previously disclosed on Form 10. Include in the disclosure the following information about the transactions with Related Persons:

See Note 6 to interim financial statements for six months ended December 31, 2023.

- (a) A description of the relationship between the transacting parties. Be as precise as possible in this description of the relationship. Terms such as affiliate, associate or related company without further clarifying details are not sufficient.
- (b) A description of the transaction(s), including those for which no amount has been recorded.
- (c) The recorded amount of the transactions classified by financial statement category.
- (d) The amounts due to or from Related Persons and the terms and conditions relating thereto.
- (e) Contractual obligations with Related Persons, separate from other contractual obligations.

Canter Resources Corp.

Notes to the Condensed Consolidated Interim Financial Statements (unaudited)

For the Six Months Ended December 31, 2023

(Expressed in Canadian Dollars)

1) CORPORATE INFORMATION AND CONTINUANCE OF OPERATIONS

Canter Resources Corp. (the “Company”) was incorporated under the British Columbia Business Corporations Act on March 7, 2018. The Company is engaged in the exploration and evaluation of resource properties in Canada and United States.

The Company’s corporate office and principal place of business is Suite 400 – 1681 Chestnut Street, Vancouver, British Columbia, V6J 4M6. On December 31, 2021, the Company’s common shares began trading on the Canadian Securities Exchange (“CSE”) under the ticket CRC.

The Company is in the exploration stage and its principal business activity is the sourcing and exploration of exploration and evaluation assets in Canada (Saskatchewan) and the United States (Montana and Nevada). The Company is in the process of exploring and evaluating its exploration and evaluation assets and has not yet determined whether these assets contain ore reserves that are economically recoverable. The recoverability of amounts shown for exploration and evaluation assets is dependent upon the discovery of economically recoverable reserves, the ability of the Company to obtain necessary financing to complete the development and upon future profitable production or proceeds from the disposition thereof.

These financial statements have been prepared on a going concern basis, which assumes that the Company will continue its operations for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. The Company has incurred losses since its inception and has an accumulated deficit of \$1,025,263 as of December 31, 2023 (June 30, 2023 – \$586,390), which has been funded primarily by issuance of shares. The Company’s ability to continue its operations and to realize assets at their carrying values is dependent upon obtaining additional financing or maintaining continued support from its shareholders and creditors and generating profitable operations in the future. The Company has been successful in the past in raising funds for operations by issuing shares but there is a material uncertainty which may cast significant doubt about the Company’s ability to continue as a going concern. If the Company is unable to raise the necessary capital and generate sufficient cash flows to meet obligations as they come due, the Company may have to reduce or curtail its activities or obtain financing at unfavorable terms. Furthermore, failure to continue as a going concern would require the Company’s assets and liabilities be restated on a liquidation basis which would differ significantly from the going concern basis. These financial statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern. Such adjustments may be material.

Acquisition of Altitude Ventures Corp. (“Altitude”) (Note 3)

On November 10, 2023, the Company entered into an amalgamation agreement (the “AVC Amalgamation Agreement”) with Altitude and 1447235 B.C. Ltd., the wholly owned subsidiary of the Company, to acquire all of the issued and outstanding common shares of Altitude by way of a three-cornered amalgamation (the “AVC Acquisition”). The Acquisition was completed on November 21, 2023 (the “AVC Acquisition Closing Date”).

These unaudited condensed consolidated interim financial statements of the Company for the six months ended December 31, 2023 were approved by the Board of Directors on February 28, 2024.

2) SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PREPARATION

Statement of compliance to International Financial Reporting Standards

These unaudited condensed consolidated interim financial statements of the Company have been prepared in accordance with IFRS Accounting Standards. These financial statements comply with International Accounting Standard 34, Interim Financial Reporting.

Basis of presentation

These unaudited condensed consolidated interim financial statements include the accounts of the Company and its subsidiaries. This interim financial report does not include all of the information required of a full annual financial report and is intended to provide users with an update in relation to events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the end of the last annual reporting period. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Company for the year ended June 30, 2023.

Comparative Figures

Certain comparative figures have been reclassified in accordance with the current period's presentation.

New accounting standards

Certain new standards, interpretations, amendments and improvements to existing standards were issued by the International Accounting Standards Board (IASB) or International Financial Reporting Interpretation Committee that are mandatory for accounting periods beginning on or after July 1, 2023. The Company does not expect that any new or amended standards or interpretations that are effective for annual periods beginning on or after July 1, 2023 will have a significant impact on the Company's results of operations or financial position.

3) ACQUISITION OF ALTITUDE VENTURES CORP.

As discussed in Note 1, on November 21, 2023, the Company closed the AVC Acquisition by issuing 18,020,001 common shares of the Company (the "Consideration Shares") with fair value of \$14,235,801.

The AVC Acquisition constitutes an asset acquisition as Altitude does not meet the definition of a business, as defined in IFRS 3, "Business Combinations" and is accounted for in accordance with guidance provided IFRS 2, "Share-Based Payment".

In connection with the AVC Acquisition, the Company incurred transaction costs of \$28,707.

Prior to the closing of the AVC Acquisition, the Company advanced a loan of US\$135,000 to Altitude to satisfy certain payment obligations under the option agreement of the Columbus Lithium-Boron Property (Note 4). The amount was eliminated upon the consolidation.

Pursuant to the AVC Amalgamation Agreement, 7,220,000 of the Consideration Shares are subject to a lock-up period (Note 5).

4) EXPLORATION AND EVALUATION ASSETS (CONTINUED)

Title to exploration and evaluation assets involves certain inherent risks due to the difficulties of determining the validity of certain claims as well as the potential for problems arising from the frequently ambiguous conveyancing history characteristic of many exploration and evaluation assets. The Company has investigated title to all of its exploration and evaluation assets, and, to the best of its knowledge, title to all of its properties, are properly registered and in good standing.

Puzzle Lake Property

On January 23, 2023, the Company entered into an option agreement (the “PL Agreement”) with Eagle Plains Resources Inc. (“Eagle Plains”) to acquire up to a 60% interest in six mineral claims located in Saskatchewan with respect to the Puzzle Lake Property.

Pursuant to the PL Agreement, to earn 60% interest in the Puzzle Lake Property, the Company is required make the following payments and expenditures (the “PL Required Payments”):

	Cash payment (\$)	Shares (#)	Exploration expenditures (\$)

The Columbus Lithium-Boron Property

In connection with the AVC Acquisition, the Company entered into an option agreement to acquire a 100% interest of the Columbus Lithium-Boron Project located in the Columbus Salt Marsh Basin, Esmeralda County, Nevada, USA (the "CLB Agreement"). The option agreement was entered into by Altitude Lithium USA Corp. on November 9, 2023.

To acquire 100% interest of the Columbus Lithium-Boron Project, the Company is required to make the following payments to the optionors of the Columbus Lithium-Boron Property (the "CLB Optionors"):

	Cash (US\$)	Common Shares (#)
Within 5 business days of the CLB Effective Date	160,000*	-
Within 60 days following the CLB Effective Date	-	1,750,000
Within 12 months of the CLB Effective Date	-	1,000,000
Within 18 months of the CLB Effective Date	250,000	1,000,000
On or before the earlier of: <i>24 months of the CLB Effective Date</i>		
<i>30 days after publishing the technical report for the Columbus Lithium-Boron Property prepared in accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects which includes a current resource estimate on the Columbus Lithium-Boron Property</i>	600,000**	-**

* This amount was paid prior to the AVC Acquisition

** \$300,000 should be paid either by cash or 1,000,000 common shares at the election of the Company.

In addition, the Company is required to incur US\$750,000 exploration and evaluation expenditures, including total cumulative drilling in the Area of Interest of at least 2,000 feet and having used best efforts to retrieve brine samples of a quality suitable for lab assay on the Columbus Lithium-Boron Property within 18 months following the CLB Effective Date (the "CLB Work Commitment Period"). In any circumstance, if the Company encounters a delay by the authority to review and issue permits for which the Company must apply to conduct any mining works on the Columbus Lithium-Boron Property, the Company is allowed to extend the CLB Work Commitment Period for the duration of such delays with a maximum of 36 months from the CLB Effective Date.

Furthermore, within 60 days of the CLB Effective Date, the Company is required to reimburse the CLB Optionors the annual mining claim maintenance fees of Columbus Lithium-Boron Property paid by the CLB Optionors since June 1, 2023, to the U.S. Department of the Interior Bureau of Land Management and documented payments of state mining claim fees paid to Esmeralda County, Nevada to keep the Columbus Lithium-Boron Property in good standing (US\$203,784 was paid to the CLB Optionors subsequent to December 31, 2023).

The CLB Optionors will retain a production royalty equal to 2.5% of the gross value from all mineral production from the Columbus Lithium-Boron Project, including any unpatented mining claims located in the applicable area of interest. Altitude may, within 36 months of the CLB Effective Date, repurchase 40% of the production royalty (representing 1.0% of the gross value) for a one-time payment of US\$1,500,000.

4) EXPLORATION AND EVALUATION ASSETS (CONTINUED)**The Columbus Lithium-Boron Property (continued)****Water Right Appurtenance Agreement**

On November 27, 2023 (the "WRA Effective Date"), the Company, through its wholly-owned subsidiary Altitude Lithium USA Corp., entered into a water right appurtenance agreement (the "WRA Agreement") to acquire a 100% interest in certain water rights permits applicable to the Columbus Lithium-Boron Property. The CLB Optionors are the owners of two applications soon to become permits to appropriate the waters of the State of Nevada filed with the Nevada Division of Water Resources (the "CLB Permits").

Pursuant to the terms of the WRA Agreement, to acquire a 100% interest in the CLB Permits, the Company is required to make the following payments (the "WRA Payments") to the CLB Optionors:

	Cash (US\$)	Common Shares (#)
6 months after the WRA Effective Date	20,000	300,000
12 months after the WRA Effective Date	30,000	400,000
18 months after the WRA Effective Date	50,000	500,000
24 months after the WRA Effective Date	300,000	600,000
Total	400,000	1,800,000

On completion of the WRA Payments, the CLB Optionors should convey the Permits to the Company.

Schotts Lake Property

On May 11, 2021, the Company signed a letter of intent (the "SLP LOI") with Eagles Plains whereby the Company has the option to acquire a 60% interest in twelve mineral claims located approximately 40 km northwest of Creighton, Saskatchewan. On July 21, 2021, the Company signed a definitive option agreement (the "SLP Agreement") with Eagle Plains to acquire a 60% interest in the Schotts Lake Property.

Pursuant to the SLP Agreement, to earn 60% interest in the Schotts Lake Property the Company will make the following payments and expenditures:

	Cash payment (\$)	Shares (#)	Exploration expenditures (\$)
Upon signing of the LOI	10,000 (paid)	-	-
Upon listing on the CSE or December 20, 2021	20,000 (paid)	150,000 (issued with fair value of \$15,000)	-
On or before July 31, 2022	35,000 (paid)	150,000 (issued with fair value of \$7,500)	100,000
On or before December 31, 2022	50,000	150,000	500,000
On or before December 31, 2023	75,000	150,000	800,000
On or before December 31, 2024	120,000	200,000	1,600,000
On or before December 31, 2025	200,000	200,000	2,000,000
Total	500,000	1,000,000	5,000,000

The Company did not make the required cash payment, share issuance and exploration expenditures required by December 31, 2022, and decided to abandon the Schott Lake Property on January 25, 2023. As a result of the decision, the Company impaired the carrying value of the Schotts Lake Project and recognized an impairment loss of \$201,422 in the statement of loss and comprehensive loss during the year ended June 30, 2023.

8) CAPITAL MANAGEMENT

The Company defines its components of shareholders' equity as capital. The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue business opportunities and to maintain a flexible capital structure that optimizes the costs of capital at an acceptable risk.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust capital structure, the Company may consider issuing new shares, and/or issue debt, acquire or dispose of assets, or adjust the amount of cash on hand.

The Company's investment policy is to keep its cash on deposit in an interest-bearing Canadian chartered bank account. There have been no changes to the Company's approach to capital management at any time during the six months ended December 31, 2023. The Company is not subject to externally imposed capital requirements.

9) FINANCIAL INSTRUMENTS**Fair value**

Financial instruments are classified into one of the following categories: FVTPL, amortized cost and FVTOCI.

Set out below are the Company's financial assets and liabilities by category:

	December 31, 2023	FVTPL	Amortized costs	FVTOCI
	\$	\$	\$	\$
FINANCIAL ASSETS				
ASSETS				
Cash	3,771,576	-	3,771,576	-
FINANCIAL LIABILITIES				
LIABILITIES				
Accounts payable and accrued liabilities	(710,448)	-	(710,448)	-
	June 30, 2023	FVTPL	Amortized costs	FVTOCI
	\$	\$	\$	\$
FINANCIAL ASSETS				
ASSETS				
Cash	4,279	-	4,279	-
Deposit	23,328	-	-	-
FINANCIAL LIABILITIES				
LIABILITIES				
Accounts payable and accrued liabilities	(38,806)	-	(38,806)	-

The carrying values of cash, deposits, and accounts payable approximate their fair values due to the relatively short period to maturity of those financial instruments.

IFRS 13 establishes a fair value hierarchy that reflects the significance of inputs used in making fair value measurements as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly (i.e., as prices) or indirectly (i.e., derived from prices); and

Level 3: Inputs that are not based on observable market data.

As at December 31, 2023 and June 30, 2023, there were no financial assets or liabilities measured and recognized in the statement of financial position at fair value that would be categorized as Level 1, 2 and 3 in the fair value hierarchy above.

The Company has determined the estimated fair values of its financial instruments based upon appropriate valuation methodologies.

9) FINANCIAL INSTRUMENTS (CONTINUED)**Financial risk management****Credit risk**

Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations. The Company's exposure to credit risk includes cash and amounts receivable.

The Company's cash is held at a large Canadian financial institution in interest bearing accounts. The Company has no investments in asset-backed commercial paper.

The Company's maximum exposure to credit risk is the carrying value of its financial assets.

Management believes that the credit risk concentration with respect to these financial instruments is remote. Cash based in Canada are accessible. The Company's amounts receivable balance does not represent significant credit exposure as it is principally due from the Government of Canada.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with financial instruments. The Company manages liquidity by maintaining adequate cash balances to meet liabilities as they become due.

As at December 31, 2023, the Company had cash of \$3,771,576 and accounts payable and accrued liabilities of \$710,488.

Market risk

The significant market risks to which the Company is exposed are interest rate risk, foreign currency risk, and price risk.

Interest Rate Risk

The Company's interest rate risk principally arises from the interest rate impact of interest earned on cash. The Company is not exposed to significant interest rate risk relating to its cash.

Canter Resources Corp.

Notes to the Condensed Consolidated Interim Financial Statements (unaudited)

For the Six Months Ended December 31, 2023

(Expressed in Canadian Dollars)

9) FINANCIAL INSTRUMENTS (CONTINUED)**Financial risk management (continued)****Market risk (continued)****Foreign Currency risk**

The Company is exposed to currency risk to the extent that monetary assets and liabilities held by the Company are not denominated in Canadian dollars ("C\$" or "CA\$"). The Company has not entered into any foreign currency contracts to mitigate this risk.

The Company's cash, amounts receivable, and accounts payable and accrued liabilities are held in CA\$, United States dollars ("US\$") and Euro ("€"); therefore, US\$ and € accounts are subject to fluctuation against the CA\$.

The Company's financial instruments were denominated as follows as at December 31, 2023:

	CA\$	US\$	€
Cash	3,704,980	50,274	-
Accounts payable and accrued liabilities	(334,048)	(228,964)	(50,000)
	3,370,932	(178,690)	(50,000)
Rate to convert to \$1.00 CA\$	1.00	1.32	1.46
Equivalent to CA\$	3,370,932	(236,705)	(73,098)

Based on the above net exposures as at December 31, 2023, and assuming that all other variables remain constant, a 10% change of the CAD against the US would change profit or loss by approximately \$31,000.

Commodity price risk

The Company is exposed to price risk with respect to commodity prices. The Company's ability to raise capital to fund exploration and development activities may be subject to risks associated with fluctuations in the market price of commodities. The Company is not exposed to significant other price risk.

Management Discussion and Analysis

For the Six Months Ended December 31, 2023

(Expressed in Canadian Dollars)

INTRODUCTION

This Management Discussion and Analysis (the “MD&A”) of Canter Resources Corp.’s (“Canter” or the “Company”) financial position and results of operations for the six months ended December 31, 2023 is prepared as at February 28, 2024. This MD&A should be read in conjunction with the unaudited condensed consolidated interim financial statements of the Company and the notes relating thereto, for the six months ended December 31, 2023. The unaudited condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”). All financial amounts are stated in Canadian currency unless stated otherwise. Additional information relating to the Company is filed on SEDAR at www.sedarplus.ca.

FORWARD - LOOKING INFORMATION

This MD&A may contain forward-looking statements based on assumptions and judgments of management regarding events or results that may prove to be inaccurate as a result of exploration or other risk factors beyond its control. Actual results may differ materially from the expected results.

Except for statements of historical fact, this MD&A contains certain “forward-looking information” within the meaning of applicable securities law. Forward-looking information is frequently characterized by words such as “plan”, “expect”, “project”, “intend”, “believe”, “anticipate”, “estimate” and other similar words, or statements that certain events or conditions “may” or “will” occur. In particular, forward-looking information in this MD&A includes, but is not limited to, statements with respect to future events and is subject to certain risks, uncertainties and assumptions. Although we believe that the expectations reflected in the forward-looking information are reasonable, there can be no assurance that such expectations will prove to be correct. We cannot guarantee future results, performance or achievements. Consequently, there is no representation that the actual results achieved will be the same, in whole or in part, as those set out in the forward-looking information.

Forward-looking information is based on the opinions and estimates of management at the date the statements are made, which are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking information. Some of the risks and other factors that could cause results to differ materially from those expressed in the forward-looking statements include, but are not limited to: general economic conditions in Canada, the United States and globally; industry conditions, including fluctuations in commodity prices; governmental regulation of the mining industry, including environmental regulation; geological, technical and drilling problems; unanticipated operating events; competition for and/or inability to retain drilling rigs and other services; the availability of capital on acceptable terms; the need to obtain required approvals from regulatory authorities; stock market volatility; volatility in market prices for commodities; liabilities inherent in mining operations; changes in tax laws and incentive programs relating to the mining industry; and the other factors described herein under “Risks and Uncertainties” as well as in our public filings available at www.sedarplus.ca. Readers are cautioned that this list of risk factors should not be construed as exhaustive.

Exchange ("CSE") under the ticket CRC. On October 17, 2023, the Company's common shares have been listed on the Frankfurt Stock Exchange under the symbol 6O1.

The Company's principal business activities include the acquisition and exploration of mineral property assets. As at December 31, 2023, the Company holds interests in early-stage mineral exploration properties located in the Canada and the United States and the Company has not yet determined whether the Company's mineral property assets contain a deposit of minerals that are economically recoverable. The recoverability of amounts shown for exploration and evaluation assets are dependent upon the discovery of economically recoverable reserves, confirmation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain the necessary financing to complete the development of and the future profitable production from the properties or realizing proceeds from its disposition. The outcome of these matters cannot be predicted at this time and the uncertainties cast significant doubt upon the Company's ability to continue as a going concern.

The Company had the following subsidiaries as of the date of this MD&A, December 31, 2023, and June 30, 2023:

Management Discussion and Analysis

For the Six Months Ended December 31, 2023

(Expressed in Canadian Dollars)

The Beaver Creek Property

In connection with the AVC Acquisition, the Company acquired 100% interest in the Beaver Creek Property. The Beaver Creek Property is comprised of a series of lithium occurrences located in the town of Lincoln, Montana, USA.

Outlook

The Company plans to complete mapping and sampling along a 1.3 kilometre area that returned substantially anomalous lithium samples from historical work completed by the U.S. Geological Survey (USGS).

The Columbus Lithium-Boron Property

In connection with the AVC Acquisition, the Company entered into an option agreement to acquire a 100% interest of the Columbus Lithium-Boron Project located in the Columbus Salt Marsh Basin, Esmeralda County, Nevada, USA (the "CLB Agreement"). The option agreement was entered into by Altitude US on November 9, 2023.

To acquire 100% interest of the Columbus Lithium-Boron Project, the Company is required to make the following payments to the optionors of the Columbus Lithium-Boron Property (the "CLB Optionors"):

	Cash (US\$)	Common Shares (#)
Within 5 business days of the CLB Effective Date	160,000*	-
Within 60 days following the CLB Effective Date	-	1,750,000
Within 12 months of the CLB Effective Date	-	1,000,000
Within 18 months of the CLB Effective Date	250,000	1,000,000
On or before the earlier of: 24 months of the CLB Effective Date		
30 days after publishing the technical report for the Columbus Lithium-Boron Property prepared in accordance with National Instrument 43-101 – Standards of Disclosure for Mineral Projects which includes a current resource estimate on the Columbus Lithium-Boron Property	600,000**	-**

* This amount was paid prior to the AVC Acquisition

** \$300,000 should be paid either by cash or 1,000,000 common shares at the election of the Company.

In addition, the Company is required to incur US\$750,000 exploration and evaluation expenditures, including total cumulative drilling in the Area of Interest of at least 2,000 feet and having used best efforts to retrieve brine samples of a quality suitable for lab assay on the Columbus Lithium-Boron Property within 18 months following the CLB Effective Date (the "CLB Work Commitment Period"). In any circumstance, if the Company encounters a delay by the authority to review and issue permits for which the Company must apply to conduct any mining works on the Columbus Lithium-Boron Property, the Company is allowed to extend the CLB Work Commitment Period for the duration of such delays with a maximum of 36 months from the CLB Effective Date.

Furthermore, within 60 days of the CLB Effective Date, the Company is required to reimburse the CLB Optionors the annual mining claim maintenance fees of Columbus Lithium-Boron Property paid by the CLB Optionors since June 1, 2023, to the U.S. Department of the Interior Bureau of Land Management and documented payments of state mining claim fees paid to Esmeralda County, Nevada to keep the Columbus Lithium-Boron Property in good standing (US\$203,784 was paid to the CLB Optionors subsequent to December 31, 2023).

Canter Resources Corp.

Management Discussion and Analysis

For the Six Months Ended December 31, 2023

(Expressed in Canadian Dollars)

The CLB Optionors will retain a production royalty equal to 2.5% of the gross value from all mineral production from the Columbus Lithium-Boron Project, including any unpatented mining claims located in the applicable area of interest. Altitude may, within 36 months of the CLB Effective Date, repurchase 40% of the production royalty (representing 1.0% of the gross value) for a one-time payment of US\$1,500,000.

Water Right Appurtenance Agreement

On November 27, 2023 (the "WRA Effective Date"), the Company, through its wholly-owned subsidiary Altitude US., entered into a water right appurtenance agreement (the "WRA Agreement") to acquire a 100% interest in certain water rights permits applicable to the Columbus Lithium-Boron Property. The CLB Optionors are the owners of two applications soon to become permits to appropriate the waters of the State of Nevada filed with the Nevada Division of Water Resources (the "CLB Permits").

Pursuant to the terms of the WRA Agreement, to acquire a 100% interest in the CLB Permits, the Company is required to make the following payments (the "WRA Payments") to the CLB Optionors:

	Cash (US\$)	Common Shares (#)
6 months after the WRA Effective Date	20,000	300,000
12 months after the WRA Effective Date	30,000	400,000
18 months after the WRA Effective Date	50,000	500,000
24 months after the WRA Effective Date	300,000	600,000
Total	400,000	1,800,000

On completion of the WRA Payments, the CLB Optionors should convey the Permits to the Company.

In January 2024, the Company's geologists mobilized to the Columbus Lithium-Boron Project to complete select follow-up surface sampling and prepare for the Company's initial phase of drilling.

In February 2024, the Company submitted its Notice of Intent ("NOI") to the Bureau of Land Management ("BLM") for planned work associated with Phase I exploration and drilling at the Columbus Lithium-Boron Project.

Outlook

The Company is ramping up its preparations for Phase I exploration, which is expected to include soil sampling, shallow auger or Geoprobe drilling, a passive seismic survey, further 3D modeling and exploration well drilling during H1/2024.

As of December 31, 2023, the balances of the projects discussed above were as follows:

The increase in operating expenses and net loss during the six months ended December 31, 2023, compared to December 31, 2022 was primarily due to the increase in operating expenses such as consulting fees and professional fees since the acquisition of Altitude. The decrease in operating expenses during the six months ended December 31, 2022, compared to December 31, 2021, was primarily due to the decrease in transfer agent and filing fees, consulting fees and professional fees. During the six months ended December 31, 2022, the Company recognized an impairment loss of \$201,422 related to the Schotts Lake Property; as a result, the net loss increased during the six months ended December 31, 2022, compared to December 31, 2021. No such impairment was recognized during the six months ended December 31, 2023 and 2021.

The increase in working capital as of December 31, 2023 compared to December 31, 2022 was primarily related to the increase in cash due to the private placements completed during the six months ended December 31, 2023 which was partially offset by the increase in accounts payable and accrued liabilities. The decrease in working capital as of December 31, 2022, compared to December 31, 2021 was primarily due to the decrease in cash used on the exploration and evaluation assets. In addition, during the six months ended December 31, 2021, the Company completed a private placement for net proceeds of \$300,000. No financing activities occurred during the six months ended December 31, 2022.

All the Company's resource properties are in the exploration stage. The Company has not had revenue from inception and does not expect to have revenue in the near future. The Company's operating results are not seasonal in nature and have been mainly attributed to the amount of business activities. The expenses incurred in the presented periods above are relatively constant.

The increase in net loss during the three months ended December 31, 2023 was mainly due to the increase in operating activities since the acquisition of Altitude. The increase in net loss during the three months ended December 31, 2022 was mainly due to the impairment of the Schotts Lake Property.

RESULT OF OPERATIONS

During the three months ended December 31, 2023, the Company recorded a net loss of \$401,676 of which \$97,759 was related to Altitude, an increase of \$166,370, compared to a net loss of \$235,306 for the three months ended December 31, 2022.

Consulting fees include the fees paid to the Company's Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO") and consultants who provide corporate advisory services to the Company [See Section: *Related Party Transactions and Balances for details*].

Foreign exchange (gain) loss is primarily a result of the translation of the Company's US\$-denominated financial assets and liabilities into Canadian dollars.

General and administrative expenses consist of insurance, any rent-related lease agreements which are not required to be capitalized under IFRS, and other general office expenses.

Professional fees were primarily associated with the expenses incurred by the Director of Finance [See Section: *Related Party Transactions and Balances for details*], corporate secretary, legal counsel and auditors. The increase in professional fees is mainly due to increased business activities since the acquisition of Altitude. In addition, Altitude incurred professional fees of \$18,308 during the three months and six months that ended December 31, 2023. Such professional fees were not included in the prior periods presented.

Share-based payments are mainly related to recognizing the fair value of the options granted during the vesting period. Previous recognized share-based payments of the forfeited options are reversed as a recovery at the date of forfeiture. During the three and six months ended December 31, 2023, the Company granted 655,000 options to its directors,

In addition, during the three and six months ended December 31, 2022, the Company decided to abandon the Schott Lake Property; as a result, the Company impaired the capitalized costs associated with the Schott Lake Property with an amount of \$201,422. No such impairment was recognized during the three and six months ended December 31, 2023.

LIQUIDITY AND CAPITAL RESOURCES

Working capital and cashflow

As at December 31, 2023, the Company had working capital of \$3,230,390 (June 30, 2023 – working deficiency of \$15,914) including cash of \$3,771,576 (June 30, 2023 – \$4,279).

The Company's activities have been funded through equity financings and the Company expects it will continue to be able to utilize this source of financing until it develops cash flow from future operations.

There can be no assurances the Company will be successful in its endeavors. If such funds are not available or other sources of finance cannot be obtained then the Company will be forced to curtail its activities to a level for which funding is available or can be obtained.

OFF-BALANCE SHEET FINANCING ARRANGEMENTS

As of December 31, 2023, and the date of this MD&A, the Company did not have any off-balance sheet financing arrangements.

PROPOSED TRANSACTIONS

None

CRITICAL ACCOUNTING ESTIMATES

The financial statements, including comparatives, have been prepared in accordance with IFRS Accounting Standards. The financial statements have been prepared on a historical cost basis, except for financial instruments classified as financial instruments at fair value through profit and loss, which are stated at their fair value. In addition, the financial statements have been prepared using the accrual basis of accounting except for cash flow information.

NEW ACCOUNTING STANDARDS

Certain new standards, interpretations, amendments and improvements to existing standards were issued by the International Accounting Standards Board (IASB) or International Financial Reporting Interpretation Committee that are mandatory for accounting periods beginning on or after July 1, 2023. The Company does not expect that any new or amended standards or interpretations that are effective for annual periods beginning on or after July 1, 2023 will have a significant impact on the Company's results of operations or financial position.

COMMITMENTS

The Company does not have any significant commitments except for the commitments noted under the section of "Exploration and Evaluation Assets".

CONTINGENCIES

The Company's exploration activities are subject to various federal, provincial and international laws and regulations governing the protection of the environment. These laws and regulations are continually changing and generally becoming more restrictive. The Company conducts its operations so as to protect public health and the environment and believes its operations are materially in compliance with all applicable laws and regulations. The Company has made, and expects to make in the future, expenditures to comply with such laws and regulations.

The Company is, from time to time, involved in various claims, legal proceedings and complaints arising in the ordinary course of business. The Company does not believe that adverse decisions in any pending or threatened proceedings related to any matter, or any amount which it may be required to pay damages in any form by reason thereof, will have a material effect on the financial condition or future results of operations of the Company.

FINANCIAL INSTRUMENTS

In the normal course of business, the Company is inherently exposed to certain financial risks, including market risk, credit risk and liquidity risk, through the use of financial instruments. The timeframe and manner in which the Company manages these risks varies based upon management's assessment of the risk and available alternatives for mitigating risk. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes. All transactions undertaken are to support the Company's operations. These financial risks and the Company's exposure to these risks are provided in various tables in note 9 of our financial statements for the six months ended December 31,

2023. For a discussion on the significant assumptions made in determining the fair value of financial instruments, refer also to note 2 of the financial statements for the year ended June 30, 2023.

RISKS AND UNCERTAINTIES

In March 2020, the World Health Organization declared coronavirus COVID-19 a global pandemic; the Company has not been significantly impacted by the spread of COVID-19. However, the ongoing COVID-19 pandemic, inflationary pressures, rising interest rates, the global financial climate and the conflict in Ukraine and the Middle East are affecting current economic conditions and increasing economic uncertainty, which may impact the Company's operating performance, financial position and the Company's ability to raise funds at this time.

The Company is in the business of acquiring and exploring mineral properties. It is exposed to a number of risks and uncertainties that are common to other mineral exploration companies in the same business. The industry is capital intensive at all stages and is subjected to variations in commodity prices, market sentiment, exchange rates for currency, inflations and other risks. The Company currently has no source of revenue other than interest income. The Company will rely mainly on equity financing to fund exploration activities on its mineral properties.

The risks and uncertainties described in this section are considered by management to be the most important in the context of the Company's business. The risks and uncertainties below are not inclusive of all the risks and uncertainties the Company may be subject to and other risks may apply.

Need for Additional Funding

Further funding may be required by the Company to continue as a going concern. There is no guarantee that the Company will be able to raise sufficient funds. In addition, any future financing may be dilutive to existing shareholders of the Company. Many factors influence the Company's ability to raise funds, including the state of the capital markets, the climate for mineral exploration investment and the Company's track record. Actual funding requirements may vary from those planned due to a number of factors, including the acquisition of new projects. Management is continually assessing the Company's cash needs and potential sources of financing but recognizes there may be some difficulty obtaining such financing due to the current market conditions. There is no guarantee that the Company will be able to secure additional financing in the future at terms that are favourable, or at all.

Exploration stage risks

Exploration for mineral resources involves a high degree of risk, the cost of conducting programs may be substantial and the likelihood of success is difficult to assess.

Resource exploration and development is a highly speculative business, characterized by a number of significant risks including, but not limited to, unprofitable efforts resulting not only from the failure to discover mineral deposits but also from finding mineral deposits that, though present, are insufficient in quantity and quality to return a profit from production. Few exploration projects successfully achieve development due to factors that cannot be predicted or anticipated, and even one such factor may result in the economic viability of a project being detrimentally impacted such that it is neither feasible nor practical to proceed. The Company closely monitors its activities and those factors that could negatively impact it and employs experienced consultants and key management to assist in its risk management and to make timely decisions regarding future property expenditures.

Other risks associated with projects in the exploration and development stage which could cause delays or prohibit the progress of the overall project include delays in obtaining required government approvals and permits and the inability to obtain suitable or adequate machinery, equipment, road access, power or labour.

Metal price risk

The Company is exposed to commodity price risk. Declines in the market price of gold, base metals and other minerals may adversely affect the Company's ability to raise capital in order to fund its ongoing operations. Commodity price

declines could also reduce the amount the Company would receive on the disposition of any of its mineral property interests to a third party.

Operating Hazards and Risks

The Company's operations are subject to hazards and risks normally associated with the exploration of mineral properties, any of which could cause delays in the progress of the Company's exploration plans, damage to or destruction of property, loss of life and/or environmental damage. Some of these risks include, but are not limited to, unexpected or unusual geological formations; rock bursts, cave-ins, fires, flooding and earthquakes; unanticipated changes in metallurgical characteristics and mineral recovery, unanticipated ground or water conditions, industrial or labour disputes, hazardous weather conditions, cost overruns, land claims and other unforeseen events may occur. A combination of experience, knowledge and careful evaluation may not be able to overcome these risks.

The nature of these risks is such that liabilities might exceed any insurance policy limits; the liabilities and hazards might not be insurable or the Company might not elect to insure itself against such liabilities due to high premium costs or other factors. Such liabilities may have a materially adverse effect on the Company's financial condition and operations and could reduce or eliminate any future profitability and result in increased costs and a decline in the value of the securities of the Company.

Environmental risk

The Company seeks to operate within environmental protection standards that meet or exceed existing requirements in the country in which the Company operates. Present or future laws and regulations and third-party opposition, however, may affect the Company's operations. Future environmental costs may increase due to changing requirements or costs associated with exploring, developing, operating and closing of mines. Programs may also be delayed or prohibited in certain areas. The costs of complying with changes in governmental regulations can negatively impact the Company's financial performance.

Reliance on key personnel

The success of the Company's operations and activities is dependent to a significant extent on the efforts and abilities of its senior management team, as well as outside contractors, experts and its partners. The loss of one or more members of senior management, key employees, contractors or partners, if not replaced, could have a material adverse effect on the Company's business, results of operations and financial performance.

CONFLICTS OF INTEREST

The Company's directors and officers may serve as directors or officers, or may be associated with, other reporting companies, or have significant shareholdings in other companies. To the extent that such other companies may participate in business or asset acquisitions, dispositions, or ventures in which the Company may participate, the directors and officers of the Company may have a conflict of interest in negotiating and concluding on terms with respect to the transaction. If a conflict of interest arises, the Company will follow the provisions of the BC *Business Corporations Act* ("BCBCA") dealing with conflict of interest. These provisions state that where a director has such a conflict, that director must, at a meeting of the Company's directors, disclose his or her interest and refrain from voting on the matter unless otherwise permitted by the BCBCA. In accordance with the laws of the Province of British Columbia, the directors and officers of Canter are required to act honestly, in good faith, and in the best interest of Canter.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The information provided in this report is the responsibility of management. In the preparation of these statements, estimates are sometimes necessary to make a determination of future values for certain assets or liabilities. Management believes such estimates have been based on careful judgments and have been properly reflected in the accompanying financial statements.
