The Company has adopted a stock option plan (the “**Option Plan**”) pursuant to which the Board may grant options (the “**Options**”) to purchase common shares of the Company (the “**Shares**”) to NEOs, directors and employees of the Company or affiliated corporations and to consultants retained by the Company. The number of common shares which may be issued pursuant to options previously granted and those granted under the Option Plan is a maximum of 20% of the issued and outstanding common shares at the time of the grant. Item 5: Oversight and Description of Director and NEO Compensation

Compensation of Directors

Compensation of directors of the Company is reviewed annually and determined by the Board. The level of compensation for directors is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources.

In the Board’s view, there is, and has been, no need for the Company to design or implement a formal compensation program for directors. While the Board considers Option grants to directors under the Option Plan from time to time, the Board does not employ a prescribed methodology when determining the grant or allocation of Options. Other than the Option Plan, as discussed above, the Company does not offer any long term incentive plans, share compensation plans or any other such benefit programs for directors.

Compensation of NEOs

Compensation of NEOs is reviewed annually and determined by the Board. The level of compensation for NEOs is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources. In the Board's view, there is, and has been, no need for the Company to design or implement a formal compensation program for NEOs.

Elements of NEO Compensation

Salary

Due to the relatively small size of the Company, limited cash resources, and the early stage and scope of the Company's operations, NEOs do not receive any salaries from the Company. As additional capital becomes available, the Board will review salaries to ensure that NEOs are appropriately compensated.

Option Plan

As discussed above, the Company provides an Option Plan to motivate NEOs by providing them with the opportunity, through Options, to acquire an interest in the Company and benefit from the Company's growth. The Board does not employ a prescribed methodology when determining the grant or allocation of Options to NEOs. Other than the Option Plan, the Company does not offer any long term incentive plans, share compensation plans, retirement plans, pension plans, or any other such benefit programs for NEOs.

Item 6: Pension Disclosure

No pension, retirement or deferred compensation plans, including defined contribution plans, have been instituted by the Company and none are proposed at this time.
