

FORM 10

NOTICE OF PROPOSED SIGNIFICANT TRANSACTION (not involving an issuance or potential issuance of a listed security)¹

Name of Listed Issuer: TARTISAN NICKEL CORP. (the "Issuer").

Trading Symbol: TN

Issued and Outstanding Securities of the Issuer Prior to Transaction: 99,703,550 _____

Date of News Release Fully Disclosing the Transaction: August 28, 2018 _____

1. Transaction

1. Provide details of the transaction including the date, description and location of assets, if applicable, parties to and type of agreement (eg: sale, option, license, contract for Investor Relations Activities etc.) and relationship to the Issuer. The disclosure should be sufficiently complete to enable a reader to appreciate the significance of the transaction without reference to any other material:

The Issuer entered into a binding letter of intent with Vanicom Resources Limited of Perth, Western Australia, for the sale of its 100% interest in the Alexo-Kelex nickel project near Timmins, Ontario. The property produced 30,138 tonnes of ore averaging 1.92% nickel containing 1.3 million pounds of nickel in 2004 and 2005. Historically the deposit produced an additional 57,000 tonnes at 3.6% nickel for a total of 4.5 million pounds of contained nickel. The project contains an NI 43-101 compliant resource of some 243,000 tonnes of 1.08% nickel for a contained 5.775 million pounds of nickel. The resource also contains 268,000 pounds of copper and some 202,000 pounds of cobalt at lower grades.

2. Provide the following information in relation to the total consideration for the transaction (including details of all cash, non-convertible debt securities or other consideration) and any required work commitments:

(a) Total aggregate consideration in Canadian dollars: \$500,000 _____ .

¹ If the transaction involved the issuance of securities, other than debt securities that are not convertible into listed securities, use Form 9.

- (b) Cash: \$150,000_____.
- (c) Other: Shares in Vanicom to the deemed value of \$350,000(1,750,000 shares) and a net smelter return royalty of 0.5%(with a buy-back provision for \$1million)._____.
- (d) Work commitments: \$ 750,000 over three years,(with a buy-back provision for one dollar if not spent)._____.

3. State how the purchase or sale price and the terms of any agreement were determined (e.g. arm's-length negotiation, independent committee of the Board, third party valuation etc). Arms length negotiations.

4. Provide details of any appraisal or valuation of the subject of the transaction known to management of the Issuer: None

5. If the transaction is an acquisition, details of the steps taken by the Issuer to ensure that the vendor has good title to the assets being acquired: N/A

6. Provide the following information for any agent's fee, commission, bonus or finder's fee, or other compensation paid or to be paid in connection with the transaction (including warrants, options, etc.):

N/A

(a) Details of any dealer, agent, broker or other person receiving compensation in connection with the transaction (name, address. If a corporation, identify persons owning or exercising voting control over 20% or more of the voting shares if known to the Issuer):
N/A

(b) Cash N/A

(c) Other N/A

7. State whether the vendor, sales agent, broker or other person receiving compensation in connection with the transaction is a Related Person or has

**FORM 10 - NOTICE OF PROPOSED
SIGNIFICANT TRANSACTION**

any other relationship with the Issuer and provide details of the relationship. .
N/A

8. If applicable, indicate whether the transaction is the acquisition of an interest in property contiguous to or otherwise related to any other asset acquired in the last 12 months. N/A
-
-

2. Development

Provide details of the development. The disclosure should be sufficiently complete to enable a reader to appreciate the significance of the transaction without reference to any other material:
N/A

3. Certificate Of Compliance

The undersigned hereby certifies that:

1. The undersigned is a director and/or senior officer of the Issuer and has been duly authorized by a resolution of the board of directors of the Issuer to sign this Certificate of Compliance.
2. To the knowledge of the Issuer, at the time an agreement in principle was reached, no party to the transaction had knowledge of any undisclosed material information relating to the Issuer, other than in relation to the transaction.
3. As of the date hereof there is no material information concerning the Issuer which has not been publicly disclosed.

4. The undersigned hereby certifies to the Exchange that the Issuer is in compliance with the requirements of applicable securities legislation (as such term is defined in National Instrument 14-101) and all Exchange Requirements (as defined in CNSX Policy 1).
5. All of the information in this Form 10 Notice of Proposed Significant Transaction is true.

Dated October 19, 2018.

TARTISAN SIGNS BINDING LETTER OF INTENT FOR THE SALE OF THE ALEXO-KELEX NICKEL PROJECT

Toronto, Canada, August 28, 2018 – Tartisan Nickel Corp. (CSE: TN, FSE: A2DPCM) (“Tartisan”, or the “Company”) is pleased to announce that the Company has signed a binding Letter of Intent with VaniCom Limited (“VaniCom”) of Perth, Western Australia for the sale of a 100% interest in the Alexo-Kelex Nickel Project located near Iroquois Falls, Ontario (the “Property”).

The purchase terms include a payment of C\$50,000 by VaniCom to the Company on signing the Binding Letter of Intent with a further payment of C\$100,000 to the Company in cash on closing of the definitive Purchase Agreement. In addition, VaniCom will issue the Company shares in the capital of VaniCom with a value of C\$350,000. Tartisan will receive a 0.5% Net Smelter Return Royalty on any future production from the Alexo-Kelex Nickel Deposit. The Letter of Intent also includes a requirement that VaniCom incur expenditures of at least C\$750,000 on exploration and development on the Property over a 36-month period. Tartisan Nickel will also retain the Reclamation Bond Proceeds of approximately C\$278,000 presently held by the Ontario Ministry of Natural Resources and Forestry as the Company wraps up the previously announced summer reclamation program.

Tartisan CEO Mark Appleby commented, “The sale of the Alexo-Kelex Nickel Project brings value to our shareholders while still retaining upside on this particular asset. The furtherance of the project while avoiding dilution and receiving cash and securities fits with our core objectives. Tartisan is pleased to work with VaniCom as they work to advance the Alexo-Kelex Project”.

The Alexo-Kelex Project produced 30,138 tonnes of ore averaging 1.92% nickel containing 1.3 million pounds of nickel in 2004 and 2005. Historically, the Alexo Deposit produced an additional 57,000 tonnes at 3.6% nickel for a total of 4.5 million pounds of contained nickel.

The Alexo-Kelex Project contains an NI 43-101 compliant resource of some 243,000 tonnes of 1.08% nickel for a contained 5.775 million pounds of nickel. The resource also contains 268,000 pounds of copper and some 202,000 lbs of cobalt at lower grades.

The deposits are classified as Kambalda-style named after similar type-deposits occurring in Western Australia. The Alexo and Kelex deposits are composed of massive to semi-massive nickel sulphide accumulations inhabiting basal embayments along the footwalls of steeply dipping komatiitic ultramafic volcanic flows. The massive, semi-massive sulphides are overlain by stringer, net-textured, blebby and lower grade disseminated sulphide haloes extending upwards and away from the contact. The flows contact with intermediate volcanic country rocks. Other komatiitic hosted nickel sulphide deposits and occurrences in the area include the Redstone, McWatters, Hart, Langmuir 1 and 2, and Texmont.

The Alexo-Kelex Project includes: one Mining and Surface Rights holding 27 mineral claims; one Mining Rights Lease holding two mineral claims; 17 Patents, with Mining and Surface Rights; 8 Patents with Mining Rights only; 1 Patent with Surface Rights only and 55 mineral claims, total package encompassing approximately 945 Ha.

About Tartisan Nickel Corp.

Tartisan Nickel Corp is a Canadian mineral exploration and development company which owns 100% of the Kenbridge Nickel-Copper-Cobalt Project in Ontario holding compliant resources of 97.8 million lbs of nickel and 47 million pounds of copper. In addition, the Company owns a 100% stake in the Don Pancho Zinc-Lead-Silver Project in Peru just 9 km from Trevali's Santander mine and owns a 100% stake in the Ichuna Copper-Silver Project, also in Peru, contiguous to Buenaventura's San Gabriel property. Tartisan also owns a significant equity stake (6 MM shares and 3 MM full warrants at 40c) in Eloro Resources Ltd, which is exploring the low-sulphidation epithermal La Victoria Gold/Silver Project in Ancash, Peru.

Tartisan Nickel Corp. common shares are listed on the Canadian Securities Exchange (CSE:TN, FSE 8TA). Currently, there are 99,663,550 shares outstanding (113,866,934 fully diluted).

For further information, please contact Mark Appleby, President & CEO and a Director of the Company, at 416-804-0280 (mark@tartisannickel.com). Additional information about Tartisan can be found at the Company's website at www.tartisannickel.com or on SEDAR at www.sedar.com.
