Issuer Response: *On July 28, 2020 the Company is pleased to announce that it has acquired all of the outstanding share capital of SAC Pharma Partners inv (“SAC Pharma”)*

SAC Pharma is a privately-owned British Columbia company which, through its wholly-owned subsidiary, SAC Pharma Partners USA, Inc. (“SAC Pharma USA”), operates a facility for the licensed production of cannabis in California. SAC Pharma USA became fully operational in the regulated cannabis business when commercial sales became legal in California on January 1, 2018. Through its management’s contacts and network, SAC Pharma USA has formed a supply chain and set up a network of contracted distributors and retailers. Sac Pharma USA has a significant first-mover advantage as it has refined its cultivars, production techniques and has existing strategic relationships to facilitate distribution of its core products directly to the hands of retailers and customers. SAC Pharma USA’s production facility is located in the City of Sacramento, California. The Sacramento facility is a 15,000 square foot warehouse with a fully enclosed secure yard with on-site parking and dedicated shipping lanes. It is situated on 0.68 acres and received its State license from the California Department of Food and Agriculture on January 1, 2018 for an active canopy size of up to 10,000 SF. The Sacramento facility has been in operation since January 1, 2018, producing and selling cannabis through the Company’s licensed wholesaler arrangements in California.

SAC Pharma now forms part of the Company’s existing portfolio of investments in the cannabis sector. SAC Pharma’s existing management will continue to retain responsibility for overseeing day-to-day operations, based upon an agreed budget.

Transaction Structure

*The acquisition of SAC Pharma proceeded pursuant to an amalgamation agreement between the Company, a wholly owned subsidiary of the Company (“**Subco**”) and SAC Pharma (the “**Definitive Agreement**”). Pursuant to the Definitive Agreement, SAC Pharma amalgamated with Subco, and the resulting amalgamated entity is now a wholly-owned subsidiary of the Company (the “**Transaction**”). In consideration for the completion of the Transaction, the*

Company has issued 120,000,000 common shares to the shareholders of SAC Pharma in exchange for every share of SAC Pharma they held.

The Company is at arms-length from SAC Pharma and its shareholders. The Transaction neither constitutes a fundamental change nor a change of business for the Company, nor has it resulted in a change of control of the Company within the meaning of applicable securities laws and the policies of the Canadian Securities Exchange. In connection with the completion of the Transaction, the Company has issued 6,000,000 common shares to an arms-length third-party who assisted with facilitating the Transaction.

“I am extremely pleased we were able to close on this transaction” says Frederick Pels, CEO of the Company. “SAC Pharma is a transformative acquisition for Blackhawk, as it allows us to take advantage of a growing sector in California while bolstering our balance sheet. SAC Pharma was one of the first cultivators to obtain its license two and a half years ago, and has cemented itself as one of the premier growers in the State of California. There are a number of exciting synergies between our groups, and we can’t wait to help SAC Pharma propel their business to the next level as they continue to expand throughout the State.”

“We are excited about this strategic partnership with the folks from Blackhawk” says Corey Travis, CEO of Sac Pharma Partners. “The synergy between talent and resources will allow us to scale in this incredible growth market. SAC Pharma spent a long time refining its production processes- and now, with the strength and support of Blackhawk, it will be able to expand delivery of its core management services and product lines to a rapidly growing essential industry.”
