- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Issuer continued its business of developing proprietary, non-invasive, and accurate cancer diagnostic solutions which can help detect, monitor, and assess treatment for cancer early, accurately and cost effectively.

2. Provide a general overview and discussion of the activities of management.
 - **As COVID-19 pandemic management measures intensity with aggressive vaccination program being implemented there are hopeful signs that business activity might resume normally. The major caveat being the B17 variant which has high transmissibility. Financial, operational and recovery measures instituted by the management team aided in sustaining business viability over the past 12 months and the company intends to keep a vigilant eye should another wave erupt in the fall. Financial measures include reducing working capital, delaying capital expenditures(equipment), cost cutting initiatives and tapping into government grants/support programs.**
 - **BioMark finalized the time for equipment to be shipped and installed in its new operating lab in Quebec City. The plan is to have the lab ready by Oct 2021. Additionally, hiring has commenced for lab staff.**
 - **A family of patent related to lung cancer metabolite panel have successfully passed through the PCT phase and have now entered into national phase in USA, Europe, China, Canada and Brazil.**
 - **Dr. Bach and Nooreldeen submitted a manuscript in late July 2021 to International Journal of Molecular Science a peer reviewed journal titled: Current and future development in lung cancer diagnosis. The paper was accepted for publication on August 12, 2021.**
 - **Acetyl Amantadine SSAT Elisa kits have been developed and tested for stability over the past 8 months and will now be revalidated at 2 independent sites for validation.**

- Preliminary data analysis on an early breast cancer metabolic panel looks was very promising. The study involved 280 samples with emphasis on early stage. More detailed statistical analysis is underway.
 - BioMark has developed a new website and search engine optimization plan that it will be executing starting later this month.
 - Application by PI for new funding related to measuring response to treatment following chemo/radio and immune therapy for late-stage lung cancer patients.
 - Conducted and completed quarter filing – Unaudited Financial Statement and MD&A filed in SEDAR and Canadian Securities Exchange as required by regulators.
3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.
- Not applicable.**
4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.
- Not applicable.**
