

FORM 7

MONTHLY PROGRESS REPORT

Name of Listed Issuer: BioMark Diagnostics Inc. (the "Issuer").

Trading Symbol: BUX

Number of Outstanding Listed Securities: 65,015,119

Date: April 3rd, 2019

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Issuer continued its business developing proprietary, non-invasive, and accurate cancer diagnostic solutions which can help detect, monitor, and assess treatment for cancer early, accurately and cost effectively.

2. Provide a general overview and discussion of the activities of management.
- **Management continues to raise capital through private placement, family funds and other strategic sources to support completion of clinical trials studies, regulatory submission and commercialization of its technology platform. Management has been working on numerous non-dilutive financing with various government institutions and strategic investors across Canada and United States.**
 - **On March 29, 2019, Going Global Innovation Program offered by Global Affairs Canada approved BioMark's second application to develop and validate robust markers associated with brain, lung and breast cancers with international partners located in United States.**
 - **On March 29, 2019, the abstract submitted to American Society of Clinical Oncology (ASCO) under Dr. Andrew Maksymiuk was accepted for online publication. This year, ASCO received more than 6,200 abstracts, which were reviewed by their Scientific Program Committee and ASCO Leadership." The 2019 ASCO Annual Meeting will be take place May 31 – June 4, 2019 at the McCormick Place Convention Center in Chicago, Illinois. The full abstract, will be released by ASCO on May 15, 2019, at 5:00 PM EDT on abstracts.asco.org.**
 - **The manuscript entitled "Predictive value and clinical significance of increased SSAT-1 activity in healthy adults", which was submitted to Future Science OA, has been reviewed. The requested revisions will be made in April 2019 and submission for publication is targeted for late May 2019.**
 - **BioMark has prepared a summary report of key activities and accomplishments to McNeil Maunders Foundation who has been generous donor to Dr. Andrew Maksymiuk's research associated with BioMark.**
 - **Discovery paper in the use of new metabolites in conjunction with Amantadine assay to increase tissue specificity is being written and a completed paper is expected by mid-April. Our intent is to have it published in a peer reviewed journal.**

About Going Global Innovation Program

The Going Global Innovation (GGI) program is specifically designed to promote and enhance Canada's international innovation efforts. The program supports researchers who aim to commercialize technology by pursuing collaborative international research and development (R&D) opportunities through partnerships with key players in foreign markets.

About ASCO

Founded in 1964, the American Society of Clinical Oncology is the world's leading professional organization for physicians and oncology professionals caring for people with cancer. ASCO has over 45,000 members globally. For the 2019 ASCO annual meeting the focus will be on a unique global exchange of information on how to drive progress and expand the reach of quality care for all patients. Learn More about ASCO at <https://www.asco.org/about-asco>.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.
