Report on Business

1. **Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.**

Developments

In July, the company's Perk Hero app added a new 'Order from Table' feature to its platform. This new feature provides restaurants who now must adhere to limited dine-in capabilities with advanced tools to provide a seamless full service dine-in experience with limited staff-to-guest physical contact and for the customer to have the ability to order at their convenience.

The Company also published its financial results for the second quarter ended May 31, 2020. The full financial results can be viewed at www.sedar.com.

At the end of July, the Company announced that it has established an at-the-market equity program (the "ATM Program") that allows the Company to issue and sell up to C\$2,000,000 of common shares in the capital of the Company (the "Common Shares") from treasury to the public, from time to time, at the Company's discretion. All Common Shares sold under the ATM Program will be sold through the Canadian Securities Exchange or another Canadian "marketplace" (as defined in National Instrument 21-101 – Marketplace Operation) upon which the Common Shares are listed, quoted or otherwise traded, at the prevailing market price at the time of sale.

The ATM Program is designed to provide the Company with additional financing flexibility should it be required in the future. The volume and timing of distributions under the ATM Program, if any, will be determined in the Company's sole discretion. Distributions of the Common Shares under the ATM Program will be made pursuant to the terms of an equity distribution agreement (the "Distribution Agreement") dated July 28, 2020 entered into between the Company and Echelon Wealth Partners Inc. (the "Agent").

The Company also announced the appointment of Mr. Norman Tan, CFA, to the Company as its full time Chief Financial Officer effective July 30, 2020. Mr. Tan replaced Ms. Tracey St. Denis, who worked part-time in that role. Mr. Tan was previously the Company's Vice President of Finance.

And in early August, Perk announced the appointment of Mr. Daniel Zou to the Advisory Board. Mr. Zou, formerly Head of Business Development for Alipay Canada, will advise on the Company's mobile commerce, drop shipping, and s-commerce strategy, including expansion throughout Canada and North America.

17. **Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.**

Various laws and regulations govern the payments industry in Canada and globally. Our payments services may be or become subject to regulation by other authorities, and the laws and regulations applicable to the payments industry in any given jurisdiction are always subject to interpretation and change.

We expect that new services and technologies applicable to the industries in which we operate will continue to emerge and evolve. Rapid and significant technological changes continue to confront the industries in which we operate, including developments in proximity

payment devices, including contactless payments via NFC technology.

There can be no assurance that any new products or services we develop and offer to our customers will achieve significant commercial acceptance. Our ability to develop new products and services may be inhibited by industry-wide standards, payment card networks, existing and future laws and regulations, resistance to change from our customers, which includes our sellers and their buyers, or third parties' intellectual property rights.

The COVID-19 pandemic is having an effect on how people pay for goods and services. We have seen a drop off in in-store and in-dining payments, and we are also seeing the need and demand for mobile ordering and safe contact-free digital payments. We are helping businesses to adopt contactless payments such as payment by quick response codes or payment by taking a photo of a bill as a better way to serve their customers and provide a safe environment for their employees. We continue to monitor the evolving situation in these uncertain times and to adapt our business accordingly.
