### MONTHLY PROGRESS REPORT

Name of Listed Issuer: **HARRYS MANUFACTURING INC. (the "Company")**

Trading Symbol: **HARY**

Number of Outstanding Listed Securities: **77,191,358**

Date: **July 3, 2020**

#### **Report on Business**

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

**The Issuer generates revenues from the sales and distribution of affordable, premium quality, organically grown tobacco cigarettes to global customers.**

**The Company initially focused its efforts on tobacco cigarette sales to international purchasers, specifically to take advantage of referrals and existing relationships previously established by HIMI management. However, over the past 18 months the international market has become increasingly challenging with not only the long standing dominance of large tobacco companies but many cheap, lower quality cigarette brands being manufactured in China and India, making it difficult to compete. During this period, several opportunities fell through due to Harrys inability to match or beat pricing, as well as a large pilot project opportunity to supply a division of the military in China with a premium quality Canadian brand cigarettes, that suddenly stalled. The Company believes this was due to China changing policies to restrict purchases of certain Canadian goods.**

**The Company has since switched its efforts to focus on tobacco sales in Canada. Last year Health Canada announced that it will be introducing new plain packaging regulations in 2020 on Tobacco products sold in Canada. The new regulations prohibit brand colors, graphics and logos on packages, making all packaging identical other than the product name, which has to be displayed in identical font. Harrys management saw this as an opportune time to enter the Canadian market and started inquiring into all the necessary requirements, guidelines, steps and whether it could even gain access to the distributors and retail markets in Canada to generate sales. The North American market is predominantly dominated by the big three or four tobacco companies, and up until recently was difficult to brand a new product in the Canadian market.**

**To facilitate entering the Canadian market, Management announced on December 19, 2019 that it signed an independent sales agreement with Altabac Inc. & Ken Storey who has over 35 years' experience in the North American tobacco industry. Through this relationship and Altabac's connections to distributors and retail chains in Canada and the elimination of any branding on packaging, management felt confident 2020 would be ideal timing to enter the Canadian tobacco cigarette market, as a premium value brand product.**

2. Provide a general overview and discussion of the activities of management.

**During the month of June 2020 the Issuer focused on completion of its plain packaging for Canadian tobacco cigarette products, establishing national shipping partners and finalizing sales kit brochures for retail customers.**

**The Issuer submitted an application to the Canada Revenue Agency and the BC Ministry of Finance, to sell tobacco cigarette products in Canada and operate a distribution warehouse facility in Abbotsford, BC. While the Issuer cannot guarantee if or when it will ultimately receive approval, it is optimistic that approval will be obtained in the foreseeable future.**

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

**None to report during the month of June 2020.**

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

**None to report during the month of June 2020.**

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

**In December 2019, a strain of novel coronavirus (now commonly known as "COVID-19") was reported to have surfaced in Wuhan, China. COVID-19 has since spread rapidly throughout many countries, and, on March 11, 2020, the World Health Organization declared COVID-19 to be a pandemic. In an effort to contain and mitigate the spread of COVID-19, many countries, including the United States and Canada, have imposed unprecedented restrictions on travel, and there have been business closures and a substantial reduction in economic activity in countries that have had significant outbreaks of COVID-19.**

**At this time the Company remains open for business, however significant uncertainty remains as to the potential impact of the COVID-19 pandemic on our operations, and on the global economy as a whole. Government-imposed restrictions on travel and other "social-distancing" measures such restrictions on assembly of groups of persons, have the potential to disrupt supply chains for parts and sales channels for our products, and may result in labor shortages.**

**It is currently not possible to predict how long the pandemic will last or the time that it will take for economic activity to return to prior levels. We will continue to monitor the COVID-19 situation closely, and intend to follow health and safety guidelines as they evolve.**

**Other trends and risks that could impact the issuer are detailed on pages 43 to 53 in section 17 “Risk Factors” of the Issuer’s Form 2A Listing Statement dated October 5, 2018.**
