### MONTHLY PROGRESS REPORT

Name of Listed Issuer: **HARRYS MANUFACTURING INC. (the "Company")**

Trading Symbol: **HARY**

Number of Outstanding Listed Securities: **81,158,358**

Date: **December 4, 2020**

#### **Report on Business**

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

**The Issuer generates revenues from the sales and distribution of value priced, premium quality, 100% natural tobacco cigarettes. The Issuer is currently focusing its efforts on obtaining the necessary government license approvals and excise stamp registrations in provincial regions to facilitate tobacco cigarette sales in Canada.**

**Last year Health Canada announced that it will be introducing new plain packaging regulations in 2020 on Tobacco products sold in Canada. The new regulations prohibit brand colors, graphics and logos on packages, making all packaging identical other than the product name, which has to be displayed in identical font. Harrys management saw this as an opportune time to enter the Canadian market and started inquiring into all the necessary requirements, guidelines, steps and whether it could even gain access to the distributors and retail markets in Canada to generate sales. The North American market is predominantly dominated by the big three or four tobacco companies, and up until recently was difficult to introduce a new cigarette brand in the Canadian market.**

2. Provide a general overview and discussion of the activities of management.

**On November 5, 2020 the issuer announced that its wholly owned subsidiary Harrys International Manufacturing Inc. has received approval for its Tobacco License from the Saskatchewan Ministry of Finance ("the License") for wholesale distribution and sales of tobacco cigarettes in the province of Saskatchewan. As a condition of receiving the License and to ensure the Provincial Tobacco Taxes are paid, the Company is required to provide a \$25,000 CAD security deposit to be held by the Saskatchewan Ministry of Finance.**

**On November 5, 2020 the issuer also provided a corporate update that it recently submitted a tobacco permit application to Revenu Quebec for approval of wholesale distribution and sales of tobacco cigarettes in the province of Quebec.**

**The Issuer's exclusive manufacturer is federally licensed and has both a provincial tobacco license permit to transact business in Quebec, as well as registration with the CRA Quebec stamping regime to manufacture and purchase the necessary excise stamps for sales and distribution of Harrys brand tobacco cigarettes in Quebec.**

Many government offices remain closed due to Covid-19 making it difficult to contact or communicate with staff. The Issuer has been advised government department personnel are working from home but to expect delays as a result of Covid-19. The Company will continue to provide corporate updates as further tobacco license applications or stamp registration approvals are obtained.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

**The issuer has developed a HARRYS branded premium Canadian blend cigarette product for sale and distribution in Canada. Further to section 2 above the Issuer will commence sales and distribution of its HARRYS Canadian brand cigarettes to provinces where both the appropriate provincial government approvals and tax regime registrations have been received.**

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

**None to report during the month of November 2020.**

5. Describe any new business relationships entered into between the Issuer, the Issuer's affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

**On November 19, 2020 the Issuer announced its wholly-owned subsidiary, Harrys International Manufacturing Inc. ("HIMI") entered into an exclusive manufacturing agreement (the "Manufacturing Agreement"), with Abenaki Enterprise ("Abenaki"), its existing private cigarette manufacturer operating out of Odanak, Québec.**

**Pursuant to the Manufacturing Agreement, Abenaki has agreed to exclusively manufacture and supply HIMI with tobacco cigarette products for sale and distribution in Canada. The Manufacturing Agreement shall continue for an initial term of five years and will automatically renew on a yearly basis thereafter, subject to earlier termination. Under the Manufacturing Agreement, the Company will issue an aggregate of 500,000 common share purchase warrants ("Warrants") which will allow Abenaki to acquire one common share of the Company (a "Warrant Share") at a price of \$0.15 per Warrant Share for a period of 5 years. The Warrants issued in connection with the Manufacturing Agreement are non-transferable and any Warrant Shares issued upon the exercise thereof will be subject to a statutory hold period of four months plus a day in accordance with applicable securities legislation ending on March 20, 2021.**

**Kevin Kohanik CEO stated; "This agreement is another important step that ensures we will have enough product manufacturing capability and growth capacity in place for entry into the Canadian tobacco market once all the required provincial and federal license and stamp registration approvals have been obtained."**

## **About Abenaki**

**Abenaki is a privately owned, federally and provincially licensed tobacco manufacturer located in Québec, Canada, with over 25 years in business. Abenaki is focused on tobacco cigarette, cigarillo and cigar manufacturing and currently has production capacity for over 10,000 tobacco cigarettes per minute.**

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

**In December 2019, a strain of novel coronavirus (now commonly known as "COVID-19") was reported to have surfaced in Wuhan, China. COVID-19 has since spread rapidly throughout many countries, and, on March 11, 2020, the World Health Organization declared COVID-19 to be a pandemic. In an effort to contain and mitigate the spread of COVID-19, many countries, including the United States and Canada, have imposed unprecedented restrictions on travel, and there have been business closures and a substantial reduction in economic activity in countries that have had significant outbreaks of COVID-19.**

**At this time the Company remains open for business, however significant uncertainty remains as to the potential impact of the COVID-19 pandemic on our operations, and on the global economy as a whole. Government-imposed restrictions on travel and other "social-distancing" measures on assembly of groups of persons, have the potential to disrupt supply chains for parts and sales channels for our products, including delays in obtaining any necessary regulatory and government approvals.**

**It is currently not possible to predict how long the pandemic will last or the time that it will take for economic activity to return to prior levels. We will continue to monitor the COVID-19 situation closely and intend to follow health and safety guidelines as they evolve.**

**Other trends and risks that could impact the issuer are detailed on pages 43 to 53 in section 17 "Risk Factors" of the Issuer's Form 2A Listing Statement dated October 5, 2018.**
