Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

RISE is currently developing and evolving medical and adult-use hemp-based formulations to create general use health and well-being products for the emerging consumer category made possible by the legalization of hemp in the United States pursuant to the Agricultural Improvement Act of

2018. The Company launched its CBD-based sexual wellness products in June 2018. The acquisition of Life Bloom Organics in July 2018 expanded RISE's portfolio of CBD products from sexual health and wellness products to include general wellness, sleep, sports recovery, intimacy and PMS in spray and tablet form as well as muscle recovery in topical and provides access to Life Bloom's existing channels of distribution and production in the United States and California in particular. RISE also leverages Life Bloom's proprietary process of nanotizing CBD for increased bioavailability (without psychoactivity) in future products created under the RISE brand umbrella.

On December 6, 2019, RISE announced that it will discontinue its physical retail operations in California and will focus its efforts on distribution partnerships and online sales of its 'nano' hemp-extract oral sprays, quick-dissolve oral tablets and topical balms and lotions products.

On December 6, 2019, RISE also announced that at this time, it cannot meet its current obligations to holders of its convertible notes issued on November 14, 2018 and December 4, 2018 in the aggregate principal amount of \$5,525,000. RISE is in cooperative discussions with the note holders to come to a mutually beneficial resolution. RISE does not currently have positive cash flow to meet its ongoing operational requirements and debt service and repayment obligations and requires a combination of additional financing and a restructuring of its existing debt structure to enable it to continue operations. The current difficult market conditions for cannabis companies has been a contributing factor, along with the sales challenges RISE has encountered, requiring RISE to alter its sales operations in the United States. The Company continues to use every effort to reduce expenditures, seek additional capital and restructure or refinance its indebtedness, including significantly decreasing its U.S. workforce.

The Company announced on December 6, 2019 that it will be returning the escrowed proceeds of its April 1, 2019 financing. On April 1, 2019, the Company announced that it had completed a third tranche of its previously announced offering (the "Offering") of unsecured convertible notes (the

“Notes”) and common share purchase warrants (“Warrants”) of the Company. Proceeds of the third tranche of the Offering (the “Escrowed Proceeds”), together with the Notes and Warrants comprising the third tranche of the Offering (the “Escrowed Units”), were deposited with an escrow agent upon closing.
