Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

RISE is currently developing and evolving medical and adult-use hemp-based formulations to create general use health and well-being products for the emerging consumer category made possible by the legalization of hemp in the United States pursuant to the Agricultural Improvement Act of

2018. The Company launched its CBD-based sexual wellness products in June 2018. The acquisition of Life Bloom Organics in July 2018 expanded RISE's portfolio of CBD products from sexual health and wellness products to include general wellness, sleep, sports recovery, intimacy and PMS in spray and tablet form as well as muscle recovery in topical and provides access to Life Bloom's existing channels of distribution and production in the United States and California in particular. RISE also leverages Life Bloom's proprietary process of nanotizing CBD for increased bioavailability (without psychoactivity) in future products created under the RISE brand umbrella.

On December 6, 2019, RISE announced that it will discontinue its physical retail operations in California and will focus its efforts on distribution partnerships and online sales of its 'nano' hemp-extract oral sprays, quick-dissolve oral tablets and topical balms and lotions products.

On December 6, 2019, RISE also announced that at this time, it cannot meet its current obligations to holders of its convertible notes issued on November 14, 2018 and December 4, 2018 in the aggregate principal amount of \$5,525,000. RISE is in cooperative discussions with the note holders to come to a mutually beneficial resolution. RISE does not currently have positive cash flow to meet its ongoing operational requirements and debt service and repayment obligations and requires a combination of additional financing and a restructuring of its existing debt structure to enable it to continue operations. The current difficult market conditions for cannabis companies has been a contributing factor, along with the sales challenges RISE has encountered, requiring RISE to alter its sales operations in the United States. The Company continues to use every effort to reduce expenditures, seek additional capital and restructure or refinance its indebtedness, including significantly decreasing its U.S. workforce.

On April 21, 2020 the Company announced that it has entered into a binding letter agreement with HydRx Farms Ltd. o/a Scientus Pharma ("Scientus") to complete a business combination of RISE and Scientus (the "Transaction"). If completed, the Transaction will constitute a "fundamental change" of RISE pursuant to the policies of the Canadian Securities Exchange (the "CSE"). The completion of the Transaction is subject to a number of conditions, including but not limited to: approval of the transaction by the shareholders of RISE and Scientus; approval of the Transaction by the CSE; successful completion by RISE of a minimum \$5 million private placement financing; conversion of all currently outstanding RISE debentures totaling C\$5.365 million into common shares of RISE at a conversion price of C\$0.075 per share (and conversion of outstanding interest thereon to April 30, 2020 at a conversion price of C\$0.05 per share); and assignment or retirement of the current outstanding debenture held in Scientus. As a condition to the Transaction, RISE intends to complete a

brokered private placement (the “Private Placement”), led by Canaccord Genuity Corp., of subscription receipts for targeted gross proceeds of up to C\$10,000,000 that will be automatically exercised into convertible debenture units of RISE (at which time the net proceeds of the private placement are released to the Company) upon the satisfaction of escrow release conditions. Each RISE convertible debenture unit is comprised of one C\$1,000 principal amount unsecured convertible debenture and 20,000 common share purchase warrants. The new RISE convertible debentures will be convertible into common shares of RISE, at the sole discretion of the holder, at a conversion price of C\$0.05 per common share, at any time for a period of 36 months from the satisfaction of escrow conditions. The convertible debentures will bear 12% interest per annum payable semi-annually, 6% paid in cash and 6% paid in RISE common shares based on the market price of the common shares at the time of payment and in accordance with CSE regulations. Each warrant exercises into one common share at an exercise price of C\$0.07 for 24 months from satisfaction of the escrow release conditions. Further details about the Transaction and the resulting issuer will be provided in a comprehensive news release when the parties enter into a definitive transaction agreement. Trading of shares in RISE shall continue to be halted at the request of the Company. Further details of the proposed Transaction and Private Placement are set out in the Company’s April 21, 2020 press release and material change report issued and filed on SEDAR.
