

FORM 7

MONTHLY PROGRESS REPORT

Name of Listed Issuer: **EnviroMetal Technologies Inc.** (the "Issuer").

Trading Symbol: **ETI**

Number of Outstanding Listed Securities: **113,607,280**

Date: **April 2026**

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors, and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

EnviroMetal develops and markets safe and sustainable metal extraction technologies. EnviroMetal's technology can be used in the mining industry to recover gold from ores and concentrates, and in the recycling industry to recover gold and other valuable metals from electronic waste. The Company plans to license its technology to companies in these industries.

The Company has identified opportunities in the gold mining industry where its technology may offer significant economic, operational, social, and environmental advantages over other processing options.

During April the Company continued discussions with potential mining and technical partners for the commercial deployment of the EnviroMetal Process.

Provide a general overview and discussion of the activities of management.

During the month management's primary focus continued to be identifying and contacting potential clients for the Company's technologies and securing a partner for the initial commercial deployment of the EnviroMetal Process.

2. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

No new products or services were offered in April 2026.

3. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

The Company did not discontinue any products or services during April 2026.

4. Describe any new business relationships entered into between the Issuer, the Issuer's affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

The Company did not enter into any new formal business relationships in April 2026.

5. Describe the expiry or termination of any contracts or agreements between the Issuer, the Issuer's affiliates or third parties or cancellation of any financing arrangements that have been previously announced.

No contracts or agreements expired or were terminated during the month of April 2026.

6. Describe any acquisitions by the Issuer or dispositions of the Issuer's assets that occurred during the preceding month. Provide details of the nature of the assets acquired or disposed of and provide details of the consideration paid or payable together with a schedule of payments if applicable, and of any valuation. State how the consideration was determined and whether the acquisition was from, or the disposition was to, a Related Person of the Issuer and provide details of the relationship.

During the month of April 2026, the Company did not dispose of any assets.

the Company did not acquire or dispose of assets.

7. Describe the acquisition of new customers or loss of customers.

During April 2026, the Company did not acquire or lose any customers.

8. Describe any new developments or effects on intangible products such as brand names, circulation lists, copyrights, franchises, licenses, patents, software, subscription lists, and trademarks.

During April 2026, there were no developments that would affect any intangibles.

9. Report on any employee hiring's, terminations, or lay-offs with details of anticipated length of lay-offs.

During April 2026, the Company did not hire, terminate, or lay-off any employees.

10. Report on any labour disputes and resolutions of those disputes if applicable.

The Company did not experience any labour disputes during April 2026.

11. Describe and provide details of legal proceedings to which the Issuer became a party, including the name of the court or agency, the date instituted, the principal parties to the proceedings, the

nature of the claim, the amount claimed, if any, if the proceedings are being contested, and the present status of the proceedings.

In June 2021, the Company commenced civil proceedings against Mineworx Technologies Ltd. and related parties (the “Mineworx Defendants”) for breach of confidence and breach of contract in the Supreme Court of British Columbia (Claim). The potential value of such claims is indeterminable as of the date filing this Form 7.

In January 2022, the Company received an interlocutory injunction against the Mineworx Defendants in the Supreme Court of British Columbia. This injunction application is related to the ongoing civil action against Mineworx and related parties.

Subsequent to the filing of the civil claim and securing the injunction against Mineworx Technologies, Mineworx Technologies Inc changed its name to Regenx Tech Corp.

During April 2026 the Company and the Mineworx Defendants entered into an agreement to drop all outstanding legal claims between the parties and the Supreme Court of British Columbia approved a Consent and Dismissal Order ending all outstanding claims.

On June 22, 2023, Sibling Rivalries Investments Inc. (the “Plaintiff”), at the time a related party through a former director and officer of the Company, filed a Notice of Civil Claim against the Company in the Supreme Court of British Columbia. The Plaintiff claims breach of contract and seeks payment of approximately \$200,000 in fees related to a consulting agreement between the Company and the Plaintiff. The Company is contesting the matter and has filed its defence.

There was no change in the status of the above legal proceeding during April 2026.

12. Provide details of any indebtedness incurred or repaid by the Issuer together with the terms of such indebtedness.

The Company did not incur or repay any debt during the month of April 2026.

13. Provide details of any securities issued and options or warrants granted.

The Company did not issue any stock options during the month of April 2026.

14. Provide details of any loans to or by Related Persons.

There were no loans to or by Related Persons during the month of April 2026.

15. Provide details of any changes in directors, officers, or committee members.

There were no changes in the Company’s directors, officers or committee members during the month of April 2026.

16. Discuss any trends which are likely to impact the Issuer including trends in the Issuer’s market(s) or political/regulatory trends.

General and regulatory trends have led many mining companies to investigate alternatives to smelting or the use of toxic lixivants for the recovery of gold from ores and concentrates. Increasing logistics costs associated with shipping mineral concentrates have prompted some established producers to consider on site processing options. Additionally, miners are under pressure from stakeholders including insurance companies, local communities and first nations groups to adopt safer processing options with lower their environmental impact.

ESG and decarbonization initiatives are increasingly important in the mining industry. The EnviroMetal Process is positioned to help gold miners achieve their sustainability goals and

lower their carbon footprint with the added potential to increase productivity, reduce risk, and lower costs.

Certificate of Compliance

The undersigned hereby certifies that:

1. The undersigned is a director and/or senior officer of the Issuer and has been duly authorized by a resolution of the board of directors of the Issuer to sign this Certificate of Compliance.
2. As of the date hereof there is no material information concerning the Issuer which has not been publicly disclosed.
3. The undersigned hereby certifies to the Exchange that the Issuer is in compliance with the requirements of applicable securities legislation (as such term is defined in National Instrument 14-101) and all Exchange Requirements (as defined in CNSX Policy 1).
4. All of the information in this Form 7 Monthly Progress Report is true.

Dated May 1, 2026.
