Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive to disclose this fact.

During this month, the Company continued the development and marketing activities in anticipation of launching key market products for commercialization:

Our flagship platform 1SHIFT Logistics, an A.I. and blockchain logistics management solution and marketplace for carriers and shippers has been released for Alpha closed trials with selected customers. The intention of this Alpha is product validation, platform efficiency improvements, and customer experience feedback. We are on track to complete Alpha trials by the end of March, which is when we transition to commercialization.

The Company has announced the launch of a digital payments division located in Tech City Grand Cayman that will run in compliment with 1SHIFT logistics in the digital payments domain. The Company sees a major benefit of developing a payment solution that can be both a standalone offering with an options of having it integrated in the 1SHIFT Logistics platform.

Please see the Company's MD&A dated January 29, 2019, for greater detail.

2. Provide a general overview and discussion of the activities of management.

During the month, user trials have been ongoing. The trials included procuring mobile handset devices to provide trial customers for use, trial planning, trial user training, and defining a trial feedback loop cycle. The Company also prepared a list of over 40 potential trial customers to target over the next Month. The Company is also finalizing a list of 500 potential leads for a sales plan that will run over the next quarter.

Management is planning to restart the Company's idle digital currency mining machines; further details will be provided as decisions are finalized.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

The Company does offer A.I. and Blockchain consulting services, and we continue to discuss our consulting practice with large Global Technology Firms that are looking for strategic design and development services in Canada.

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

5. Describe any new business relationships entered into between the Issuer, the Issuer's affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

The Issuer is pleased to announce the onboarding of Inline Nurseries (2010) Inc. ("Inline") as the first pilot program trial customer for the alpha version of the 1SHIFT Logistics Platform.

The pilot program is invaluable as it will give LiteLink Labs the opportunity to validate the end-to-end 1SHIFT platform with real customer data while providing an insight into how well the platform will operate in a live environment. LiteLink Labs will be able to collect feedback, resolve software bugs, and include any high-value additional features before its commercial launch. The pilot program is ongoing.
