

## FORM 7

### MONTHLY PROGRESS REPORT

Name of CNSX Issuer: Cannabix Technologies Inc. (the "Issuer").

Trading Symbol: BLO

Number of Outstanding Listed Securities: 94,578,220 common shares

Date: for Jan 5, 2018

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by the CNSX Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the CNSX.ca website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the CNSX Policies. The discussion in this report must be factual, balanced and non-promotional. \*See cautionary note on forward looking statements at the end of this report.

#### **General Instructions**

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

#### **Report on Business**

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The issuer, "Cannabix Technologies Inc.", or "Cannabix", or "the Company" is developing a marijuana breathalyzer for law enforcement. Cannabix is advancing its products to enable law enforcement personnel to use this technology to enhance the detection of marijuana in relation to impaired driving offences on North American roads

at a time when marijuana is becoming legal for recreational and medical use in many jurisdictions.

2. Provide a general overview and discussion of the activities of management.

Cannabix Technologies is developing a diversified portfolio of breath testing technologies to detect THC. Cannabix has filed its own patent applications and has licensed US Patent 8,237,118 (“the Patent”) from the University of Florida, in the area of breath analysis of controlled substances. The Company is working with the Yost Research Group at the University of Florida to develop a breath detection device based upon high-field ion mobility and mass spectrometry. The Yost Research Group has a high level of expertise in the development of high-field asymmetric waveform ion mobility spectrometry, known as FAIMS. The Company is working to identify Tetrahydrocannabinol (THC- the psychoactive component of marijuana that causes intoxication) in ultra low ranges using highly sensitive FAIMS and FAIMS-mass spectrometer systems (FAIMS-MS). The objective of the Company is to develop FAIMS based device that would be used in the field by law enforcement and in the workplace to test for individuals under the influence of marijuana. The Company is at the prototype development stage.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

The Company continued development of its FAIMS based marijuana breathalyzer.

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

There were no products or services discontinued during the month.

5. Describe any new business relationships entered into between the Issuer, the Issuer’s affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

The Company did not enter in to any new business relationships during the month.

6. Describe the expiry or termination of any contracts or agreements between the Issuer, the Issuer’s affiliates or third parties or cancellation of any financing arrangements that have been previously announced.

There were no expirations or terminations of material contracts or agreement, nor cancellations of previously announced financing arrangements during the month.

7. Describe any acquisitions by the Issuer or dispositions of the Issuer’s assets that occurred during the preceding month. Provide details of the nature of the assets acquired or disposed of and provide details of the consideration paid or payable together with a schedule of payments if applicable, and of any valuation. State how the consideration was determined and whether the acquisition was from or

the disposition was to a Related Person of the Issuer and provide details of the relationship.

None to report.

8. Describe the acquisition of new customers or loss of customers.

The Company does not have customers at the time of this report.

9. Describe any new developments or effects on intangible products such as brand names, circulation lists, copyrights, franchises, licenses, patents, software, subscription lists and trade-marks.

The Company has filed a new Patent Cooperation Treaty (“PCT”) application titled: “Device and Method for Detection of Cannabis and other Controlled Substances Using FAIMS”. Furthermore, the Company will be filing several additional patent applications based on its Beta 3.0 design which includes major technological advancements in the development of the ion source, FAIMS cell, detector, temperature monitoring and stabilization.

The Company has exclusive worldwide rights in the area of breath analysis of controlled substances for US Patent 8,237,118 licenced from the University of Florida. The Company has also recently filed a PCT application for a marijuana focused Ignition Interlock device.

The Company reports that the USPTO has begun examination of pending non-provisional application 14/689434. As it is entitled to do, and common with all patent applications, the Company is currently preparing to file a response to overcome objections to the current claims of the application, while also preparing a continuation application to distinguish the Company’s technology from prior art patents.

10. Report on any employee hirings, terminations or lay-offs with details of anticipated length of lay-offs.

There were no new hires, terminations or lay-offs during the month.

11. Report on any labour disputes and resolutions of those disputes if applicable.

There were no material labour disputes during the month.

12. Describe and provide details of legal proceedings to which the Issuer became a party, including the name of the court or agency, the date instituted, the principal parties to the proceedings, the nature of the claim, the amount claimed, if any, if the proceedings are being contested, and the present status of the proceedings.

There were no legal proceedings to which the Issuer became a party during the month.

13. Provide details of any indebtedness incurred or repaid by the Issuer together with the terms of such indebtedness.

There was no new indebtedness incurred or repaid by the Issuer during the month.

14. Provide details of any securities issued and options or warrants granted.

During the month, the Company issued the following shares in relation to warrant exercises: 1,591,400 shares.

During the month, the Company closed a private placement of 4,000,000 units (“Units”) of the Company at a price of \$1.15 per Unit (the “Offering Price”), for aggregate gross proceeds of \$4.6 million (the “Offering”). Each Unit consists of one common share of the Company (a “Common Share”) and one common share purchase warrant, each warrant entitling the holder to purchase one additional Common Share at an exercise price of \$1.60 for a period of three years following closing. The Offering was underwritten by Cormark Securities Inc. (the “Underwriter”), which exercised in full its option to purchase up to an additional 500,000 Units at the Offering Price.

In connection with the Offering, the Underwriter received a cash commission of \$276,000 and 240,000 broker warrants (the “Broker Warrants”), each Broker Warrant entitling the holder to purchase one Unit at the Offering Price for a period of two years following closing.

The Company also closed a concurrent non-brokered private placement of 850,000 units at the Offering Price, for aggregate gross proceeds of \$977,500. The units issued pursuant to the Concurrent Private Placement were issued on substantially the same terms as the Units issued under the Offering.

15. Provide details of any loans to or by Related Persons.

There were no new loans to, or by, Related Persons during the month.

16. Provide details of any changes in directors, officers or committee members.

There were no changes in directors, officers or committee members, during the month.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer’s market(s) or political/regulatory trends.

Market trends for the Issuer’s diversified marijuana breathalyzer technology holdings remain favourable given the ongoing need to detect drugged drivers in North America and globally by law enforcement and the ongoing need in organizations to drug test employees for safety reasons. In addition, there is legalization of marijuana for recreational use in several U.S. states, with several other states expected to adopt adult use regulations within the next few years. In Canada, the federal government has announced it intends to begin legalizing cannabis in the summer of 2018.

## Certificate Of Compliance

The undersigned hereby certifies that:

1. The undersigned is a director and/or senior officer of the Issuer and has been duly authorized by a resolution of the board of directors of the Issuer to sign this Certificate of Compliance.
2. As of the date hereof there were is no material information concerning the Issuer which has not been publicly disclosed.
3. The undersigned hereby certifies to CNSX that the Issuer is in compliance with the requirements of applicable securities legislation (as such term is defined in National Instrument 14-101) and all CNSX Requirements (as defined in CNSX Policy 1).
4. All of the information in this Form 7 Monthly Progress Report is true.

### \*Cautionary Statement Regarding Forward-Looking Statements

This document contains forward-looking information that involves various risks and uncertainties regarding future events. Such forward-looking information can include without limitation statements based on current expectations involving a number of risks and uncertainties and are not guarantees of future performance of the Company, such as final development of a commercial or prototype product(s), successful trial or pilot of company technologies, no assurance that commercial sales of any kind actually materialize; no assurance the Company will have sufficient funds to complete product development. There are numerous risks and uncertainties that could cause actual results and the Company's plans and objectives to differ materially from those expressed in the forward-looking information, including: (i) adverse market conditions; (ii) risks regarding protection of proprietary technology; (iii) the ability of the Company to complete financings; (v) the ability of the Company to develop and market its future product; and (vi) risks regarding government regulation, managing and maintaining growth, the effect of adverse publicity, litigation, competition and other factors which may be identified from time to time in the Company's public announcements and filings. There is no assurance that the marijuana breathalyzer business will provide any benefit to the Company, and no assurance that any proposed new products will be built, work successfully or proceed. There is no assurance that existing "patent pending" technologies licensed by the Company will receive patent status by regulatory authorities. The Company is not currently selling commercial breathalyzers. Actual results and future events could differ materially from those anticipated in such information. These and all subsequent written and oral forward-looking information are based on estimates and opinions of management on the dates they are made and are expressly qualified in their entirety by this notice. Except as required by law, the Company does not intend to update these forward-looking statements.
