MONTHLY PROGRESS REPORT

Name of Listed Issuer: Clarity Gold Corp. (the "Issuer" or "Clarity Gold").

Trading Symbol: CLAR

Number of Outstanding Listed Securities: 28,142,592

Date: August 4, 2021

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

During the month-ended July 2021, the Issuer's business and operations focused on the acquisition, exploration and development of gold projects in Canada.

On July 27, 2021, the Issuer announced the completion of 10,826 m of diamond drilling from 27 drill holes (the "Program") at the Issuer's flagship Destiny Project in the Abitibi Greenstone Belt.

The Program was completed under budget, and all samples collected have now been dispatched to the laboratory. The first batch of results from approximately 2600 m of this drilling were previously released (see Issuer news release dated June 16, 2021), and included select highlight intercepts tabled below.

Table 1 Highlights from the first batch of assay results previously released on June 16, 2021.

The Issuer looks forward to updating further as results are received from the lab and interpreted.

The drill holes in this Program concentrated on infilling historic drilling in the DAC and GAP Zones, and confirmation of historic drilling which identified mineralization in these areas.

The Issuer looks forward to updating further as additional results are received and as we continue to interpret these results as we evaluate bulk tonnage and high-grade models for the Destiny Project.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

COVID-19 - The outbreak of the corona virus pandemic has impacted the Issuer's plans and activities. The Issuer may face disruption to operations, supply chain delays, travel and trade restrictions and impact on economic activity in affected countries or regions can be expected and can be difficult to quantify. Such pandemics or diseases represent a serious threat to maintaining a skilled workforce industry and could be a major health-care challenge for the Issuer.

There can be no assurance that the Issuer's personnel will not be impacted by these pandemic diseases and ultimately that the Issuer would see its workforce productivity reduced or incur increased medical costs/insurance premiums as a result of these health risks. In addition, the COVID-19 pandemic has created a dramatic slowdown in the global economy. The duration of the COVID-19 outbreak and the resultant travel restrictions, social distancing, Government response actions, business closures and business disruptions, can all have an impact on the Issuer's operations and access to capital. There can be no assurance that the Issuer will not be impacted by adverse consequences that may be brought about by the COVID-19 pandemic on global financial markets may reduce resource prices, share prices and financial liquidity and thereby that may severely limit the financing capital available.
