About EarthRenew Inc.

EarthRenew’s mission is to support a farm system that puts healthy soils and grower profitability back on the table. EarthRenew transforms livestock waste into a high-performance organic fertilizer to be used by organic and traditional growers in Canada and the United States. Located on a 25,000 head cattle feedlot, our flagship Strathmore plant is capable of producing up to four MW per hour of low-cost electricity powered by a natural gas fired turbine. The exhausted heat from the turbine is used to convert manure into certified organic fertilizer. EarthRenew stock is listed on the CSE under symbol “ERTH”.
