Number of Units Reserved for Issuance	1,103,575 (from Debt Settlement)
Date	November 6, 2018

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by the CSE Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the theCSE.com website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the CSE Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term “Issuer” includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer’s business and operations over the previous month. Where the Issuer was inactive disclose this fact.

In July the signed an Operations and JV agreement with a company with IP for an excipient carrier systems designed to improve viability and solubility of hard to dissolve materials such as CBDs. The company also signed an LOI to acquire a medical oils extraction company as well as with Tree Chest Safely Corp. for a safety storage system for medical security applications. The issuer also signed and closed on a feedstock materials supplier for the medical oils extraction as well as the extraction company during the month of October. The company also amended the Artillery Labs acquisition Agreement.

Provide a general overview and discussion of the activities of management.

Management continues to pursue opportunities in the healthcare business. While the primary focus is still on customizing hardware technologies and software applications towards providing personalized health solutions for common health issues, management has been exposed to and presented with a number of health/medical opportunities, interesting software technologies, and other potential businesses. The Company also continues to evaluate business opportunities in an endeavour to increase shareholder value. During April 2018 the company continued to conduct meetings for due diligence in connection to the potential acquisition of Cantech Molecular, Artillery Labs and has evaluated a number of other health and technology opportunities. Management has also continued negotiating with the owners of Decanex Inc. to deal with the status of the TULIP(TM) development, how to handle the advancement of notes or funds for engineering, the IP surrounding the development of the TULIP system not captured by the original patent and any other outstanding items related to the TULIP(TM) system). The company has been meeting with corporate finance advisory companies to discuss business development. The company signed that it has continued the financial advisory engagement with Haywood Securities to assist in developing its business opportunities. The company also announced that it has come to a definitive terms with Artillery Labs. The performance milestones for the agreement with Artillery Labs continues to be negotiated, along with requests for the reconciliation of sales and accounting records. The information being received is being reconciled as part of the due diligence required for subject removal as a condition to closing. The Cantech Labs agreement has not been finalized and the company continues to be in discussions with the principal of Cantech to negotiate terms and details. The Company continues to review and request for data from Cantech and Artillery as part of its due diligence on the companies. The Artillery Labs LOI has been amended as of October 29th, 2018 and a new arrangement is expected to be affected. The Company also signed two LOIs one with Veri-Medical Systems for blockchain technologies and one with West Coast Medical Solutions Ltd. (“West Coast”). The company announced the financial advisory engagement with Haywood Securities Inc. has been completed and continues to work with the social

media and communications company for the newly launched website to improve its branding and messaging. The company signed an Operations and JV agreement with a company to develop their excipient carrier systems. The company also signed and LOI with a medical oils extraction company, (Hemp Extraction Technology Corp.). In addition, the company

signed an LOI to acquire Tree Chest Safety Corp., which has developed a medical storage container system. The company announces that it had received over \$3 million in subscriptions and convertible debt.

The company received a new symbol for quotation on OTC Markets OTCQB and is now quoted as "EVAHF". The company announced a LOI to acquire Western Agri Supply Solutions Corp and coming to terms for a binding agreement. There are no other matters to report.
