Overview

Triple One Metals Inc ("**Triple One**", "**TONE**", or the "**Company**") was incorporated under the Business Corporations Act of British Columbia on June 7, 2018, as 1167343 B.C. Ltd. On May 14, 2020, the Company changed its name to Mountain Lake Minerals Inc., on May 4, 2021 the Company changed its name to MLK Gold Ltd. and on April 13, 2023, the Company changed its name to Triple One Metals Inc. The address of the Company's head office and registered office is, 2040 Cullin Road, Shawnigan Lake, BC, V0R 2W1, CANADA.

The Company's activities are primarily directed towards exploration and development of mineral properties located in Canada. In addition, the Company is looking to acquire other mineral properties. As at November 30, 2025, Triple One held a 100% interest in seven (7) licenses at the Caledonia Brook gold property located south of Windsor-Grand Falls in central Newfoundland. These licenses include 274 claims in total and cover 6,850 ha.

As at February 28, 2026, the Company has cash of \$199,299 to settle current liabilities of \$1,265,512 and long-term liabilities of \$Nil.

Overall Performance

Newfoundland and Labrador (Caledonia Brook Properties)

The Caledonia Brook Properties consist of two adjacent blocks, Caledonia 1 to the south and Caledonia 2 to the north.

Caledonia-1 Property

On March 6, 2020 pursuant to a purchase agreement, the Company earned a 100% interest in 83 claims under four mineral exploration licenses (together, the "Grand Falls and Caledonia Brooks Properties"). During the year ended November 30, 2020, 30 claims under two mineral exploration licenses (Grand Falls) were cancelled as the Company identified claims of interest at the Caledonia Brooks Property for further exploration. The Caledonia-1 property currently consists of 53 mineral claims in two licences.

Caledonia-1 Property is subject to a net smelter returns royalty ("**NSR**") of 1.5% of net smelter returns royalty. The Company can purchase 1% of the NSR for \$1,500,000 at any time.

Caledonia-2 Property

On April 6, 2020, the Company entered into an agreement with a company controlled by a director of the Company, whereby the Company would acquire (the "Acquisition") a 50% interest in certain mineral exploration licenses (the "Caledonia-2 Property") in exchange for, among other things, a 50% interest in the Manuels property (the "Caledonia-2 Agreement"). The Acquisition was subject to the Company acquiring 100% of the Manuels Property. In addition, the Company also committed to issuing 200,000 share purchase warrants, making a cash payment of \$30,000, providing a 2% NSR in the Manuels property and incurring \$1,000,000 in exploration expenses before December 31, 2022. Furthermore, the Company also committed to issuing certain number of performance warrants dependent on results of geological surveys which have not yet been conducted.

**TRIPLE ONE METALS INC.
MANAGEMENT'S DISCUSSION AND ANALYSIS**

On September 20, 2021, the Company and the vendor amended the Caledonia-2 Agreement, and the Company acquired a 100% interest in the Caledonia-2 Property by making a cash payment of \$75,500 (paid) and issuing 1,490,000 common shares of the Company (issued). The Company has granted to the vendor a 0.5% NSR royalty on the Caledonia 2 Property.

On February 28, 2022, the Company entered into a purchase agreement to acquire certain mineral claims adjoining the Company's Caledonia Brook Property located in Newfoundland and Labrador in exchange for 15,000 common shares of the Company.

The Caledonia-2 Property is subject to a net smelter returns royalty ("NSR") of 1.0% of commercial production. The Company can purchase 0.5% of the NSR for \$250,000 at any time.

Quebec

Portsmouth property

On December 13, 2024, the Company executed a purchase agreement with Portsmouth Gold Corp., a private British Columbia company, and acquired 24 mineral claims, representing 1,200 hectares located in the Urban-Barry greenstone belt of the James Bay region, Quebec for consideration of 5,930,001 units, subject to a 2% NSR pursuant to an underlying agreement. Each unit consists of one common share of the Company and one warrant exercisable at \$0.10 for a period of two years.

In September, 2025 the Company elected to drop the property noting that it did not form part of its strategic objectives at this time.

Liquidity and Capital Resources

As at February 28, 2026, the Company has a negative working capital of \$1,046,396 compared to a negative working capital of \$927,758 at November 30, 2025 mainly due to the use of resources to pay for expenditures.

For the period ended February 28, 2026, the Company used cash of \$88,638 in operating activities (2025: (\$223,192)).

The Company's principal assets are at an exploration stage and as a result the Company has no current source of operating cash flows. The Company relies on its ability obtain equity financing to fund administration expenses and future exploration programs. The ability of the Company to continue as a going concern and to realize the carrying value of its assets and discharge its liabilities when due is dependent on the successful completion of a financing or by monetizing assets. There is no certainty that these and other strategies will be successful.

Commitments

The Company exploration and evaluation assets are subject to exploration expenditures and NSR. Refer to Note 6 for further details.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements.

Significant accounting estimates

Estimate of recoverability for non-financial assets.

When there are indications that an asset may be impaired, the Company is required to estimate the asset's recoverable amount. Recoverable amount is the greater of value in use and fair value less costs to sell. Determining the value in use requires the Company to estimate expected future cash flows associated with the assets and a suitable discount rate in order to calculate present value.

Share-based payments

The amounts recorded for share-based payments are based on estimates. The Black Scholes model is based on estimates of assumptions for expected volatility, expected number of options to vest, dividend yield, risk-free interest rate, expected forfeitures and expected life of the options. Changes in these assumptions may result in a material change to the amounts recorded for the issuance of stock options.

Financial Instruments

The Company's financial instruments are categorized in a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities;

**TRIPLE ONE METALS INC.
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Level 2 - inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and

Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company's financial instruments include cash, deposits, accounts payable, notes payable and other payables.

The fair value of cash is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets.

Assets measured at fair value on a recurring basis were presented on the Company's statements of financial position as of February 28, 2026 and November 30, 2025, as follows:

Fair Value Measurements Using				
	Quoted Prices in Active Markets For Identical Instruments (Level 1) \$	Significant Other Observable Inputs (Level 2) \$	Significant Unobservable Inputs (Level 3) \$	Total \$

Credit risk

The Company has no significant credit risk arising from operations. The Company does not engage in any sales activities, so is not exposed to major credit risks attributable to customers. The Company's credit risk is primarily attributable to cash. The Company holds its cash with Canadian chartered banks and the risk of default is considered to be remote.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's accounts payable are due within one year. The Company's has no notes payable. The Company's liquidity and operating results may be adversely affected if the Company's access to the capital markets is hindered, whether as a result of stock market conditions generally or as a result of conditions specific to the Company. The Company's approach to managing liquidity risk is to ensure it will have sufficient liquidity to meet liabilities when due. As at February 28, 2026, the Company has cash of \$199,299 (November 30, 2025 - \$316,442) to settle current liabilities of \$1,265,512 (November 30, 2025 – \$1,253,234).

Interest rate risk

Interest rate risk is the risk that future cash flows of the Company's assets and liabilities can change due to a change in interest rates. The Company is not exposed to interest rate risk as no financial instruments are interest-bearing. It is management's opinion that the Company is not exposed to significant interest, currency or credit risk arising from the financial statements.

Subsequent Events

There were no reportable subsequent events.
