Trading Symbol: **“FFT”**

Number of Outstanding Listed Securities: **170,812,603**

Date: **November 5, 2019**

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer’s obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer’s ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term “Issuer” includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer’s business and operations over the previous month. Where the Issuer was inactive disclose this fact.

Future Farm is a Canadian company with holdings throughout North America including California, Massachusetts, Florida, Maine, Puerto Rico and Newfoundland. The Company’s mission is to advance sustainable

agriculture through production of wholesale and retail cannabis products, including hemp. As a leader in its field, Future Farm is committed to using only the highest quality processes and products. Towards this goal, the Company acquires or partners with licensed cannabis operators, and acquires or develops leading technologies in cannabis production, breeding, genetics, and Controlled Environment Agriculture (CEA). Future Farm's scalable, indoor CEA systems utilize minimal land, water and energy resources. The Company holds an exclusive, worldwide license to use a patented vertical farming technology that, when compared to traditional plant production methods, generates yields up to 10 times greater per square foot of land.

The Company is also in the business of designing and distributing LED lighting solutions utilizing the COB and MCOB technology. The Company is focused on delivering cost efficient lighting to North America via advanced e-commerce sites the Company owns and operates. LEDCanada.com which caters to B2B customers is a supplier of the newest and highest demand LED solutions. The Company also owns and operates COBGrowlights.com, which caters to both large and small agriculture green houses and controlled cultivation centers.

2. Provide a general overview and discussion of the activities of management.

On October 8, 2019, the Company announced that hemp from its farm in Hersey, Maine has passed the state-mandated testing for acceptable (i.e. below 0.3%) levels of THC. The favorable testing results mean that the farm has cleared the last regulatory hurdle for harvest, which is planned for mid-October. Future Farm will next utilize independent laboratories to test the harvested hemp throughout the drying and curing processes.

On October 23, 2019, the Company announced that the harvest of its Maine hemp farm was well underway and that the first 25-acres of hemp had been sent to the Company's Belfast facility where a team was hanging the hemp plants from rows of netting in a climate controlled room. The Belfast team was concurrently taking the final inventory count. The Company also announced that it expects to have at least six million high quality Cherry Wine hemp seeds available for sale from this year's harvest in the near future.

The Company also updated its shareholders that it had changed the date of its Annual General Meeting of Shareholders to December 16, 2019. The Company has set October 17, 2019 as the record date for notice, voting and beneficial ownership determination date.

Finally, the Company announced the grant of incentive stock options to certain directors, officers, employees and consultants to acquire a total of 5,932,000 common shares of the Company at an exercise price of \$0.065

CAD per share. As per the Company's Stock Option Plan, the options expire five (5) years from the date of grant and vest immediately.

On October 31, 2019, the Company announced that the harvest of its Maine hemp crop was nearing completion, with over 75% of the field harvested. The remaining hemp plants will be shipped to the Company's Belfast facility by November 2nd, on schedule and according to plan. After approximately two weeks of drying, the plants will be prepared for processing into high quality CBD products.

The Company also announced that its Q2 2020 financial statements had been filed for the period ended August 31, 2019. Filings are available on [SEDAR](#).

Finally, the Company announced that the Board of Directors had approved the cancellation of 1,650,000 incentive stock options currently exercisable at \$0.31CDN and 4,231,250 incentive stock options currently exercisable at \$0.395CDN.
