**NEWS RELEASE**

**FUTURE FARM'S HEMP SEEDS AVAILABLE FOR EARLY SEASON SALES**

*March 10, 2020 – Vancouver, British Columbia* - Future Farm Technologies Inc. (the “Company,” “Future Farm” or “FFT”) (**CSE: FFT**) (**OTCQB: FFRMF**) is pleased to announce that it is now selling high quality, mature hemp seeds from its 2019 Maine crop.

With the acquisition of a high throughput seed sorter, Future Farm has ramped up production and packaging of seeds from our Cherry Wine cultivar. The robust 2019 crop yielded millions of seeds, so the Company can accommodate small orders from first time and small-scale farms as well large-scale wholesale orders.

<iframe width="640" height="360" src="https://www.youtube.com/embed/TGrGhXl61FM" frameborder="0" allow="accelerometer; autoplay; encrypted-media; gyroscope; picture-in-picture" allowfullscreen></iframe>

Future Farm’s Cherry Wine hemp seeds will germinate consistently with industry standard rates of 95%-98%. The seeds being sold this year are “regular” seeds, as opposed to feminized. The Company is therefore offering the seeds at very reasonable prices, even before the discounts described below. This decision allows for greater accessibility for first time growers, as well as an exceptional opportunity for phenotype expression that can support cloning and tissue culture programs. The change also created a marketplace opportunity for savings with bulk purchases, allowing farmers to deploy capital as needed for their specific goals.

For a limited time, the Company is offering discounted pricing to those who place hemp seed orders. Sample pricing is as follows:

## Spring Into Action with our Reduced Pricing!

Hand-cultivated  
Cherry Wine hemp  
seeds are now  
available for purchase

Let us help plan your  
2020 season!

### Sample Orders:

1/4 pound = \$625.00

1/2 pound = \$1,120.00

3/4 pound = \$1,406.25

1 pound = \$1,500.00

\* Avg \$0.08/seed  
We will accommodate orders  
of almost any size!

- Regular seeds (non-feminized) are most natural and exhibit noticeably more plant vigor.
- Cherry Wine is a hardy cultivar that can survive light frosts and is resistant to pests, mold and mildew.
