MONTHLY PROGRESS REPORT

Name of CNSX Issuer: HERITAGE CANNABIS HOLDINGS CORP. (the "Issuer").

Trading Symbol: CANN

Number of Outstanding Listed Securities: 176,388,783

Date: AUGUST 3RD, 2018

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by the CNSX Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the CNSX.ca website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the CNSX Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Company is currently listed as a Life Sciences issuer. Heritage was created as a holding company, designed to acquire, in whole or in part, various cannabis related companies or projects. The Company has a mineral exploration property in Quebec, Canada.

2. Provide a general overview and discussion of the activities of management.

During the preceding month, management primarily focused on the evaluation of projects and on general administrative issues.

The Company holds a 75% interest in PhyeinMed Inc. ("PhyeinMed"), PhyeinMed received a license from Health Canada under the ACMPR (Access to Cannabis for Medical Purposes Regulations). PhyeinMed has completed Phase 1 of a multiphase construction project of cannabis grow space in Falkland, BC.

PhyeinMed's Phase 2 construction has begun, which has a targeted completion date of summer 2018. Once fully constructed, PhyeinMed will create 40-50 full and part time jobs.

With the construction of greenhouses as part of a revised Phase 2 with the first four of ten year-round greenhouses to be completed in the fall of 2018, and the additional six greenhouses expected to be complete by spring 2019, greenhouses will be brought online, and growing will commence as they are completed. Total grow canopy of the revised second phase will be 41,580 square feet. This is similar to the previous plans for the indoor grow facility, but the revised plan will contain more grow canopy and capacity.

Utilizing greenhouses as a cost-effective option will increase production while substantially reducing operational costs. Pending approval of our production license allowing cultivation, it is anticipated that the first crops will be ready for harvest in Q1 2019.

PhyeinMed has plans to take advantage of the additional acreage surrounding our current processing facility and greenhouses by erecting a series of up to 30 additional seasonal small-scale greenhouses in the spring of 2019. The seasonal greenhouses bode well for extracted production products.

The Company has made an accepted offer to acquire approximately 100 acres of agriculturally zoned land in Clearview Township, near Collingwood, Ontario. The agreement to acquire the property was made by 1005477 BC Ltd., a wholly owned subsidiary of Heritage, which also owns 75% of PhyeinMed. Terms of the purchase include a total purchase price of \$1.3 million with a targeted closing of June 30, 2018. The offer includes many subjects to the benefit of the buyer, including the award of a Licence to Produce Cannabis. The company has paid a deposit of 10% of the purchase price, with the remainder due at closing being paid by cash on hand. Approval of the second site and licence permitting, construction is scheduled to begin in early 2019, with additional expansion to continue as demand grows.

Clearview is zoned agriculture and is approved for the cultivation of cannabis. There are approximately 85 acres of flat usable land suited for both indoor and outdoor cultivation. PhyeinMed Inc. ("PhyeinMed"), a Health Canada late stage applicant under the ACMPR (Access to Cannabis for Medical Purposes Regulations), has a long-term growth strategy, separated into multiple phases, ultimately culminating in an operation with growing capacity of 3,000,000 square feet, capable of producing in excess of 300,000 kilograms of cannabis per year. The Company is anticipating a large demand for edibles and consumables, whether in candy or infused products, on legalization of this new market. Since the product needed for this market has different characteristics than the current planned cannabis flower products the Company is looking to produce, it will be targeting a combination of indoor and outdoor growth in an effort to be a low-cost producer.

Heritage has entered into a Letter of Intent ("LOI"), effective July 20, 2018 whereby the company intends to acquire all of the issued and outstanding shares of CannaCure Corporation ("CannaCure") in an all-share transaction.

CannaCure, based in Fort Erie, Ontario, is a Health Canada late stage applicant (Evidence Package submitted) under the ACMPR (Access to Cannabis for Medical Purposes Regulations), and has completed phase one of its three phase build-out plan. The constructed

phase one facility is a state-of-the-art 24,260 square foot area, complete with four grow rooms, a fully constructed level 10 vault, propagating rooms and much more. Once completed, all three phases combined will comprise of 122,000 square feet, giving many options for CannaCure in the future. Additionally, included in this transaction is CannaCure's option to purchase 3.4 million square feet of existing and operating greenhouse space in Leamington, Ontario.

Under the terms of the agreement, shareholders of CannaCure will receive 100 million shares of Heritage with an additional 33 million units subject to an escrow release upon certain milestones in exchange for 100% ownership of CannaCure to Heritage. The transaction is scheduled to close on or before September 28, 2018, and is subject to several conditions including the completion of due diligence, a definitive agreement, regulatory approval, as well as Heritage obtaining a minimum of \$7.5 million for expansion purposes.

Upon completion of this transaction, the board of directors of Heritage will be increased to five members, with CannaCure naming two people (to be determined) to the board.

The Company has an Advisory Board comprising Michele Cadario, Bob Simmonds and Debra Senger.

No definitive decision has been made yet in respect of the Company's mineral exploration project in Quebec.

Heritage has signed an agreement with GLE Brands Inc ("GLE"), a branding company inclusively representing the 'Cheech's Private Stash' ("Private Stash"), Cannabis brand of Iconic Hollywood actor, stand-up comedian and Cannabis legalization advocate, Cheech Marin. The agreement calls for Heritage to have exclusive rights to use cannabis and cannabis related products utilizing the Private Stash brand throughout Canada for an initial period of two years, with the agreement automatically renewing for an additional year upon achieving various milestones. In addition, Heritage will have the right to supply products for export as GLE executes on their strategy to expand the Private Stash brand to other countries and appropriate export licences are obtained.

Letter of Intent (LOI) with Stanley Park Digital Ltd. Key terms of the LOI include the development of a Cannabis Supply Chain Management System which will be designed to track and document all aspects of production from 'seed to sale'. By utilizing a blockchain

technology base to underpin an internal management process, it will provide an avenue to guarantee quality and consistency of product, as well as allow traceability and transparency for regulation oversight.
