"It will indeed be a unique privilege for me to ring the opening bell at Nasdaq to commence trading in the presence of FSD Pharma's extended family and friends," said Raza Bokhari, MD, Executive Co-Chairman and CEO. "The recent listing of our Class B Subordinate Voting Shares on Nasdaq has included us in a select group of 12 Canadian-domiciled cannabis companies that trade on a major U.S. exchange. I am, however, very hopeful that sooner rather than later we will be placed in a league of our own as we continue to demonstrate that the primary thrust of our business is to focus on conducting clinical trials on synthetic compounds with anti-inflammatory properties that target the CB2 receptor of the endocannabinoid system of the human body."

## About FSD Pharma
