The issuer previously reported in its continuous disclosure documents that it had sold, pursuant to a share purchase agreement dated November 15, 2019, an aggregate of 13,500,000 common shares (the "Subject Shares") of New Found Gold Corp. ("NFG") to a third party purchaser at a price of \$0.08 per share for aggregate proceeds of \$1,080,000. The Issuer believes that the purchaser was in possession of information material to the transaction that was not disclosed at the time. As a private company with restrictions on the transfer of the Subject Shares, NFG had to approve the proposed transfer, which it did by a consent resolution of its board of directors.

Accordingly, the Issuer subsequently commenced the legal action on March 10, 2020, against Collin Kettell, Palisades Goldcorp Ltd. ("Palisades") and NFG (collectively, the "Defendants") claiming rescission of the transaction or, in the alternative, damages in the approximate amount of \$16,000,000 or the present value of the Subject Shares. The Issuer has also made specific claims for (i) a declaration that Palisades and Collin Kettell, as shareholder or director and/or officer of NFG, have acted in a manner that is oppressive, unfairly prejudicial or unfairly disregarded its interests, (ii) a declaration that Palisades and Collin Kettell engaged in insider trading contrary to section 138 of the Securities Act (Ontario), (iii) unjust enrichment and (iv) interests and costs.

NFG filed a statement of defence in response to the Issuer's statement of claim on June 12, 2020. Mr. Kettell and Palisades filed a statement of defence on June 18, 2020 and the action has now progressed through the production of documents and oral examinations for discovery stages. On July 12, 2021, the Issuer asked the Defendants to consent to amendments to the statement of claim to broaden its claims to include direct claims of oppressive conduct on the part of NFG, and to increase the damages sought against all of the parties in respect of the Subject Shares to approximately \$176,600,000. The Defendants have consented to the amendments provided that they be allowed to serve amended statements of defence and that the parties undergo another round of discoveries related specifically to the amendments to the pleadings

It is not determinable whether the Company will be successful in its claim, or, if successful, the amount of damages that may be awarded, if any.

13. Provide details of any indebtedness incurred or repaid by the Issuer together with the terms of such indebtedness.

From time to time, the Issuer may purchase investments on margin (amounts due to brokers). Margin is available against securities that are trading over \$3.00 per share and on some securities above \$2.00 per share (at the discretion of the broker). As at the end of December 2021, the Issuer had approximately \$736,811 in margin borrowings.

14. Provide details of any securities issued and options or warrants granted.

| Security | Number Issued | Details of Issuance | Use of Proceeds⁽¹⁾ |
|-----------------|----------------------|--|--------------------------------------|
| Options | 750,000 | ThreeD issued 750,000 stock options exercisable into common shares of the Company at an exercise price of \$0.80 per share for five years from the grant date. None

16. Provide details of any changes in directors, officers or committee members.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

COVID-19 continues to evolve and has had a significant impact on businesses through the restrictions put in place by the Canadian, provincial and municipal governments regarding travel, business operations and isolation/quarantine orders. To date, the Company's operations have not been significantly affected by COVID-19 or the restrictions put in place to fight the virus. Since COVID-19 was declared a pandemic, the Company has kept in close contact with its investees to evaluate the impacts of COVID-19 on ThreeD's investments. While measures, such as vaccines, are being used to combat COVID-19, it is still unknown the true extent of the impact the COVID-19 outbreak may have on the Company as this will depend on future developments that are highly uncertain and that cannot be

predicted with confidence. These uncertainties arise from the inability to predict the ultimate geographic spread of the disease, and the duration of the outbreak, including the duration of travel restrictions, the effect on investees and business closures or disruptions, and quarantine/isolation measures that are currently, or may be put in place by Canada and other countries. The Company continues to monitor its investment and digital assets portfolio and assess the impact COVID-19 will have on its business activities.
