Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

During the month of September, 2020, the Issuer closed a non-brokered private placement financing (the "Financing") of subordinated secured convertible debentures (each, a "Debenture") pursuant to which the Issuer issued Debentures in the aggregate principal amount of \$360,000 (the "Principal Amount") to subscribers to the Financing.

The terms of the Debentures include:

- a maturity date of three years from the date of issuance (the "Maturity Date") and the principal amount of a Debenture, together with any accrued and unpaid interest, will be payable on the Maturity Date, unless earlier converted in accordance with its terms;
- each Debenture bears interest (the "Interest") at the rate of 8.25% per annum, which Interest will be payable monthly in arrears, unless earlier converted;
- the principal amount of a Debenture, together with all accrued and unpaid interest thereon, is convertible into units of the Issuer (each, a "Debenture Unit"), at the option of the holder, at a conversion price of \$0.05 per Debenture Unit (the "Conversion Price"), with each Debenture Unit comprised of one common share of the Issuer (each, a "Debenture Share") and one transferable share purchase warrant (each, a "Debenture Warrant"), with each Debenture Warrant exercisable into one additional Debenture Share (each, a "Debenture Warrant Share") at an exercise price of \$0.05 per Debenture Warrant Share for a period of two years from the date of issue; and
- the Issuer has the right, at its sole option and, at any time prior to the Maturity Date, to require the holder to convert all or any portion of the outstanding Principal Amount and any accrued but unpaid Interest thereon into Debenture Units at the Conversion Price if the daily volume-weighted average price of the common shares of the Issuer on the CSE (or such other stock exchange on which the common shares may be traded at such time) for any 10 day consecutive trading day period is greater than \$0.20, subject to adjustment as provided for in the certificate representing the Debenture.

Repayment by the Issuer of the amount owing under the Debenture is secured by a charge over all of the assets of the Issuer. The subscribers to the Financing entered into an agency and inter-lender agreement with the Issuer, pursuant to which the subscribers have appointed an agent to act on behalf of all subscribers to the Financing as to certain matters relating to the Debentures, including with respect to enforcement of the subordinated security interest.

The Issuer issued 4,273,160 common shares to a holder upon conversion of an outstanding debenture with an amount owing of \$213,538, at a revised conversion price of \$0.05 per share, in full settlement of the amount owing under the debenture. The debenture had been previously convertible into a conversion unit at a price of \$0.25 per conversion unit, with each such conversion unit comprised of a common share and a share purchase warrant exercisable at \$0.30 per share.

The Issuer continued to work with the Issuer's auditors in completing its audited financial statements.
