1. Provide General Overview and Discussion of Issuers Business:

Following is an update on the key events following the Companies filing of its Form 2A, AIF and related information on January 31, 2017. As noted in its previous Form 7 statements, CEG's wholly owned subsidiary, Compañía Minera Pimenton was its only source of cash flow.

As reported in the Company's Monthly Progress Report dated June 5, 2017, the Company announced it has taken the decision to place Compañía Minera Pimenton, effective as of the evening of June 1, 2017, into voluntary bankruptcy versus waiting for its creditors to place Pimenton into involuntary bankruptcy.

Under Chilean law, a court appointed bankruptcy Liquidator will take possession of Compañía Minera Pimenton and its assets and is responsible for all ongoing costs of Pimenton until they are successful in obtaining the sale or liquidation of Compañía Minera Pimenton in both voluntary and involuntary filings.

There are no bonds in place to cover the reclamation procedures at Pimenton and none were requested by Sernageomin, the Chilean government mining agency. The Liquidator will be responsible for all mine closure costs, if any, until the Liquidator is successful in selling the mine, claims and/or liquidating the assets of Compañía Minera Pimenton. All men on the payroll of Compañía Minera Pimenton have been terminated and their salaries and severance costs will be paid for by the Liquidator from the sale or liquidation of Compañía Minera Pimenton.

Under Chilean law, salary and some severance costs must be paid first and once paid, the creditors of the mine are second to be paid.

The Liquidator is paid his fees from the proceeds of the sale of Compañía Minera Pimenton or liquidation of its assets.

The other subsidiaries of CEG, including Compañía Minera Til Til, Compañía Minera Catedral, Compañía Minera Tordillo and Compañía Minera Cal Norte are not affected by the bankruptcy of Compañía Minera Pimenton.
