Part 2. Acquisition

1. Provide details of the assets to be acquired by the Issuer (including the location of the assets, if applicable). The disclosure should be sufficiently complete to enable a reader to appreciate the significance of the transaction without reference to any other material: See press release dated May 5, 2026, where the Issuer announced that it had entered into an option agreement dated May 4, 2026 (the "Agreement") with Frantier Mining Namibia (Proprietary) Limited, a private arm's length company organized under the laws of Namibia (the "Optionor") pursuant to which the Issuer has been granted the sole, exclusive and irrevocable option to acquire an eighty percent (80%) undivided interest in an application for an exclusive prospecting license (the "License") covering approximately 48,500 hectares of land situated in Namibia (the "Property").

In order to maintain the Agreement in good standing, the Agreement provides that the Issuer must, upon completion of normal and reasonable due diligence (and receipt of all necessary regulatory and third party approvals, including the Canadian Securities Exchange ("CSE") and any securities commission having jurisdiction over the Issuer, as applicable): (i) on the closing date, the Issuer shall make a cash payment to the Optionor in the amount of US\$60,000; (ii) the Issuer shall expend, during the first year from the closing date, a minimum of US\$150,000 in exploration expenditures on the Property in order to earn an initial forty percent (40%) interest in the License and the Property; and (iii) the Issuer shall expend, during the second year from the closing date, a minimum of US\$300,000 in exploration expenditures on the Property in order to earn an additional forty percent (40%) interest in the License and the Property.

The obligation of the Issuer to complete the transactions contemplated by the Agreement is subject to: (i) the Issuer and the Optionor obtaining all requisite regulatory approvals, consents and acceptances (including by the CSE) relating to the execution and delivery and performance of the Agreement; and (ii) the completion by the Issuer of a private placement financing. In that regard, the Issuer proposes to complete a private placement of units of the Issuer at a price of CDN\$0.05 per unit for gross proceeds of not less than CDN\$1,750,000. Each unit shall be comprised of common share in the capital of the Issuer and one-half of one common share purchase warrant. Each whole common share purchase warrant shall entitle the holder thereof to acquire a common share in the capital of the Issuer at a price of CDN\$0.10 per share for a period of 12 months. If the Issuer is not able to complete the private placement and obtain all necessary approvals, then it will not be able to satisfy its obligations under the Agreement and the Issuer will not be able to exercise the option under the Agreement.

5. Provide details of any appraisal or valuation of the subject of the acquisition known to management of the Issuer: Management of the Issuer is not aware of any formal appraisal or independent valuation of the Property.
