

FORM 7

MONTHLY PROGRESS REPORT

Name of Listed Issuer: **GLOBAL HEMP GROUP INC.** (the "Issuer").

Trading Symbol: **GHG**

Number of Outstanding Listed Securities: **213,360,432**

Date: **November 5, 2020**

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

SCIO, OREGON HEMP PROJECT

The Scio team spent the month tending to the remaining CBG hemp growing in the greenhouse and cleaning up from the aftermath of the wildfires. There was no damage to any of the farm's structures. The team has been working with a local extractor to process biomass to crude and or distillate, and continues to pursue the sale of any remaining inventory of CBD related products.

MASTER HEMP BUILDER GABRIEL GAUTHIER JOINS GLOBAL HEMP TEAM

On October 6/20 the Company announced that Master Hemp Builder and pioneer in hemp construction in North America has joined the Global Hemp team. Mr. Gauthier will advise on the utilization and application of hemp building materials and hemp construction for the Company's recently announced [Exclusive Strategic Partnership to create the Colorado Hemp Agro-Industrial Zone \(HAIZ\)](#) in northwest Colorado with [Western Sierra Resource Corporation \("WSRC"\)](#). The project will be vertically integrated, will create real estate asset growth having valuable water rights, and will generate multiple revenue streams from key operating segments. Segment focus - irrigated industrial hemp cultivation; preliminary processing; manufacture of hemp-based ("green") construction products; and the fabrication of affordable housing utilizing the products produced at the HAIZ.

Mr. Gauthier has a background in agriculture and landscape design. He gained experience working on his family's farm and subsequently managing a 300-acre hemp farm in Quebec. He is also experienced in hemp processing and gained extensive knowledge of hemp construction by training under the guidance of hemp Master builders in France for a period of three years.

In 2003 Mr. Gauthier started his own hemp building company, ArtCan. Through ArtCan he has helped numerous people build their own hemp houses and has developed hemp building materials and tools for the industry. In 2005 he built one of the first hemp house in North America, located east of Montreal, Quebec, in

Canada, as seen below.

Some examples of hemp houses that ArtCan has applied its hemp building technology and expertise to.

In 2010 ArtCan became a supplier of consulting services and hemp building materials and equipment. Mr. Gauthier has expanded his construction activities through [Gabriel Construction Chanvre](#) (GCC) (visit their website for additional examples of hemp construction that profile their expertise in the industry). Also in 2010, Mr. Gauthier established a Research and Development division known as ArtCan R&D. Under the R&D company Mr. Gauthier has begun the manufacturing of prefabricated hemp houses, another first in North America.

Over the years Mr. Gauthier has built more than 50 hemp houses in Quebec and Ontario, in addition to renovating over 100 homes

using hemp materials. As a result, he has developed a network of engineers and architects interested in the design of hemp houses.

In his quest to locally source quality hemp hurd he also became involved in hemp farming, in collaboration with Laval University's school of Agriculture in Quebec City and a network of farmers to select and multiply hemp varieties suitable for local growing conditions.
