Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

On March 12, 2020, the World Health Organization (“WHO”) declared a global pandemic as a result of the spread of a virus known as COVID-19. The impacts on global commerce are expected to be far reaching. This has limited the Company's workforce from travelling to its various state specific jurisdictions.

This will likely impact demand for the Company's products in the near term and will also likely impact the Company's supply chains. It may also impact expected credit losses on trade receivables and may cause staff shortages and increased government regulations or interventions, which may negatively impact the financial condition or results of the Company. The Company has taken effective steps to ensure frequent sanitization, social distancing, and abstention from duty for employees with illnesses.

As of the date of this report, the Company has experienced minimal disruptions in staffing and none of the Company's facilities have been forced to close. In Oregon, certain counties have been approved by the State to open, however, the Company's primary operational area is in the tri-county region surrounding Portland which are the most densely populated areas of the state and will be delayed further in the process of opening. However, the Company experienced significant retail revenue growth during March 2020 despite this crisis and this growth was sustained during the month of April 2020. Overall demand in Oregon has been consistent through the date of this report and the Company expects that, without further restrictions from the government, its Oregon business will experience only a temporary increase in headcount cost to comply with federally mandated leave policies.

As of the date of this report, retail dispensary storefronts in Nevada have been allowed to open, however most retailers are significantly limiting traffic and are strongly encouraging curbside pickup or delivery for all sales. Despite these developments, however, upwards of 75% of Nevada's cannabis revenue derives from tourism and this has impacted the Company's Nevada business, especially in Las Vegas. Before COVID-19 the Company was already planning to transition its Nevada operations to a third-party manufacturing partner in the Reno area. This crisis expedited the Company's plans to lay off much of its Nevada workforce and pause production until the Nevada market conditions improve for its wholesale business.

The Company filed a lawsuit against BMF Washington LLC ("BMF") and Peter Saladino ("Saladino") on January 21, 2020, in Multnomah County (Oregon) Circuit Court, Case No. 20CV03528, seeking to recover \$6,916,580 in damages. The Company asserted two claims for breach of contract, arising out of the parties' equipment leasing and intellectual property licensing agreements, seeking damages of \$676,580 and \$2,080,000, respectively, with alternative claims against both BMF and Saladino (collectively, the "Defendants") for unjust enrichment related to their improper use of the Company's equipment and intellectual property. The Company is also asserting claims against the Defendants for misappropriation of trade secrets under Oregon and Washington law, seeking additional damages of \$4,160,000.

A receiver was appointed to marshal the assets of BMF and liquidate them to pay the creditors of BMF. Consequently, the Company's claims against BMF are in the process of being dismissed without prejudice and a Proof of Claim is being sent to the receiver, in an attempt to obtain payment of the damages related to the claims alleged against BMF by the Company.

The claims against Mr. Saladino were removed to the Federal Court for the Western District of Washington and a Magistrate has been appointed to manage and hear the case.

Mr. Saladino filed an Answer to the Company's Complaint on May 29, 2020. Mr. Saladino admits or denies each allegation in the Complaint individually. He asserts several affirmative defenses. The Answer does not include any counterclaims against the Company.
