

Gnomestar Craft Inc.

Vancouver, British Columbia, January 28, 2021 - Gnomestar Craft Inc. (CSE: GNOM, FSE: 1JV1, OTC: VDQSF) ("Gnomestar" or the "Company") announces its decision to expand production based on overwhelming positive response to its craft cannabis and formal warrant exercise notices from current shareholders.

In the past six months, Gnomestar has produced what has been described by our distribution channels as some of the best craft cannabis available on the market today. We highly commend our production team and Shelter Inc. for this achievement.

The reception to our craft products has resulted in significant interest in the company's shares and we have received commitments for \$115,000 in warrant exercise proceeds which will enable the Company to complete an expansion to its vegetation capacity - in effect doubling its current output.

To date we have shipped 105 kg including 61.5 kg of our signature hand trimmed Meat Breath cultivar to the BC and Alberta recreational market and Canada-wide to medical patients.

The Company invites all shareholders to a conference call after the release of its Third Quarter Financial results. Further details for this conference call will be announced in the last week of February 2021 and posted to our new website to be launched next week:

The Company

Gnomestar is located in Delta B.C. and operates a facility specifically designed for small batch cannabis production. The growing team evolved from the early stages of the MMAR to now being a federally licensed cannabis producer processor under the Canadian Cannabis Act. Our mandate is to provide the best cannabis experience to our customers.
