GREENSTAR BIOSCIENCES ANNOUNCES ACHIEVEMENT OF DTC ELIGIBILITY

November 21, 2019, Vancouver, B.C. – GreenStar Biosciences Corp. (“**GreenStar**” or the “**Company**”) (CSE:GSTR) (OTC Pink:GTSIF), a growth-oriented technology and services company that provides real estate, financial, management and other support to licensed cannabis businesses in the United States, is pleased to announce the Company has secured DTC eligibility by The Depository Trust Company (“**DTC**”) for electronic settlement and transfer of its common shares in the United States.

The DTC is a subsidiary of the Depository Trust & Clearing Corporation (“**DTCC**”), and manages the electronic clearing and settlement of publicly traded companies. Securities that are eligible to be electronically cleared and settled through the DTC are considered “DTC eligible”. This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and brokers. This reduces transactional costs, enabling the stock to be traded over a much wider selection of brokerage firms by coming into compliance with their requirements.

"Together with our recent OTC listing, having our securities made DTC eligible should further enhance trading liquidity and provide additional exposure to U.S. and institutional investors." said Rahim Rajwani, CEO of GreenStar.
