GREENSTAR BIOSCIENCES' PARTNER COWLITZ REPORTS REVENUES FOR Q1 2020

July 29, 2020 Vancouver, B.C. - GreenStar Biosciences Corp. (“GreenStar” or the “Company”) (CSE:GSTR) (OTC PINK: GTSIF), is pleased to announce that its tenant partner Cowlitz County Cannabis Cultivation Inc. (“Cowlitz”) has generated over US\$6.58 million in gross sales revenues for the three months ended March 31, 2020, resulting in a 24% increase compared to US\$ 5.3 million for the first 3 months in 2019, according to data from www.502data.com. GreenStar generates revenues through licensing and leasing agreements in place with Cowlitz.

“We are very pleased with the rate at which Cowlitz continues to grow its revenues, especially in light of COVID-19 and the highly competitive Washington State market. We anticipate they will exceed US\$19 million in 2020 gross sales revenues and surpass 2019 figures now that they have four grow rooms that are fully operational and producing.” states Tom Baird, GreenStar’s CEO, “Cowlitz’s strength in a highly competitive market is positive and they have increased sales volumes even during the pandemic. This truly reflects their consistent operational expertise.”

Cowlitz operates in a mature yet growing Washington State market. In 2017 the cannabis sector generated US\$1.486 billion in sales (per www.502data.com) and this figure is expected to grow to US\$2.6 billion this year (source: New Frontier Data U.S. Cannabis Report 2019). The US cannabis market as a whole is expected to hit US\$31.7 billion by 2025 as announced by Grand View Research in July 2019.

GreenStar will continue to work with Cowlitz as it moves towards capturing a growing share of this market with new product offerings and increased dispensary penetration.
