

## **GREENSTAR BIOSCIENCES ACHIEVES OTC LISTING**

October 10, 2019, Vancouver, B.C. – GreenStar Biosciences Corp. (“**GreenStar**” or the “**Company**”) (CSE:GSTR/OTC Pink:GTSIF), is pleased to announce the Company has been approved for trading its common shares on the OTC Pink market, a US trading platform that is operated by the OTC Markets Group in New York. The Company will be quoted on the OTC under symbol "GTSIF" and the Company's common shares will continue to trade on the Canadian Securities Exchange under the symbol "GSTR".

The OTC is the premier marketplace for entrepreneurial, development stage US and international companies that are committed to providing a high-quality trading and information experience for their US investors. The ability to have the Company's shares electronically transferred between brokerages in the US is significantly more convenient and reduces the costs incurred in trading shares. When shares are able to trade electronically, existing investors benefit from greater liquidity and execution speeds, while opening the door to new investors.

“Being quoted on the OTC is part of a long-term strategy to introduce the Company to a broader audience.” said Rahim Rajwani, CEO of GreenStar. “Over time, we expect this will enhance liquidity and exposure as we continue to achieve new business milestones.”
