Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Issuer is a renewable energy company focused on the production of residential and commercial wood pellets and the implementation of biomass gasification technology to produce combined heat and power in Europe. All pellets are made from residual sawdust and wood waste. The Issuer provides a cleaner, renewable fuel to European power plants that generate and supply electricity, while meeting corporate objectives to reduce carbon footprints.

During the month of June 2018, management continued to focus on its core business of wood pellet production.

2. Provide a general overview and discussion of the activities of management.

During the month of June, the Issuer continued to focus on the production and sales of wood pellets.

On June 13, 2018, the Issuer announced by way of news release the purchase of a fully automated bagging system for its residential pellet production lines. The new bagging system is capable of packaging up to 6.3 tonnes per hour or approximately 3,000 tonnes per month, essentially replacing 4 employees and thereby reducing operating costs.

On June 19, 2018, the Issuer announced by way of news release that it had exercised its option to purchase its leased premises and buildings in Rzeczenica, Poland, that was negotiated at time of signing the original lease in November 2016 with the court appointed receiver Seeger-Dach Sp. z o.o. ("Seeger-Dach").

G2BE will pay Seeger-Dach a cash payment of 1,903,494 PLN or approximately \$670,000 CAD plus applicable (23%) Value Added Tax ("VAT"). The Property Purchase agreement includes 17 acres of land, all buildings, recent upgrades paid by the Company and existing infrastructure, currently valued at 5.7 million PLN or approximately \$2 million CAD.

At this property location the Company utilizes and operates its 27,000 sq/ft pellet production facility and warehouse, as well as three other buildings currently used for office space, employee housing and storage. Other key features of the property include an electrical substation recently upgraded by the Company, capable of transmitting up to 3.5MW of electricity to the grid.

The news releases can be viewed under the Issuer's profile on SEDAR (www.sedar.com) and on the Issuer's Disclosure Page on the Canadian Securities Exchange's website.
