

## **Green Thumb Industries (GTI) Supports Pride Month With Limited Edition Rainbow Rythm Vaporizer Pens and Awareness Campaign**

Portion of Proceeds to Benefit GLBT Historical Society

**Chicago and Vancouver, British Columbia** (June 21, 2019) – Green Thumb Industries. (GTI) (CSE: GTII) (OTCQX: GTBIF), a leading national cannabis consumer packaged goods company and owner of the retail chains Rise™ and Essence, today announced the release of special, limited edition rainbow Rythm vaporizer pens and a partnership with the GLBT Historical Society. The Pride-themed pens are available at participating cannabis stores throughout Illinois, Maryland, Massachusetts, Nevada and Florida. A portion of the proceeds from the Rythm Pride Pens will directly benefit the GLBT Historical Society, an organization dedicated to supporting and promoting an understanding of LGBTQ history, culture and arts.

“GTI proudly supports Pride month and we’re honored to share the stories of the LGBTQ community’s impact on legal cannabis,” said SVP of Marketing Kate Denton. “The road to legalization was paved by activists like Harvey Milk, Dennis Peron, Gilbert Baker and many more who fought for the right to wellness for the HIV/AIDS community in the 1990’s. With their perseverance, the future of cannabis was changed with the passing of Proposition 215 and we are proud to celebrate these heroes and their stories throughout the month of June.”

Proposition 215, also known as the Compassionate Use Act of 1996, was brought forward by Dennis Peron, a medical cannabis activist who lost his partner Jonathan West to AIDS. Following West’s death, Peron and other supporters wrote a ballot initiative to change the laws that criminalized possession of marijuana for medical use, eventually leading to California as the first state to legalize medical cannabis. Currently, 34 states have comprehensive, publicly available medical cannabis programs and 11 states including Washington D.C. have legal adult-use.
