## Notes to the Condensed Consolidated Interim Financial Statements

(Unaudited – Prepared by management)

For the nine months ended June 30, 2021 and June 30, 2020

### 1. Nature of operations and going concern

Global Wellness Strategies Inc. (formerly Redfund Capital Corp.) (the “Company”) was incorporated under the Business Corporation Act of Alberta on August 31, 1998 and was continued to British Columbia on January 30, 2006. The Company’s shares are publicly traded on the Frankfurt Exchange, OTCQB and Canadian Stock Exchange (the “CSE”) under the symbol “LOAN”.

On August 2, 2018, the Company completed a change of business and corporate name change to become a merchant bank focused on medical cannabis non-THC, CBD and hemp in both Canada and the United States. The head office, principal address and records office of the Company are located at 100 - 1111 Melville St Vancouver, British Columbia V6E 3V6.

On January 22, 2021, the Company consolidated the Company’s issued share capital on a ratio of four (4) old common shares for every one (1) new post-consolidated common share (the “Share Consolidation”). All current and comparative references to the number of common shares, weighted average number of common shares, loss per share, stock options and warrants have been restated to give effect to this Share Consolidation. Additionally, the Company changed their name to Global Wellness Strategies Inc.

These condensed consolidated interim financial statements (the “financial statements”) have been prepared on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. As at June 30, 2021, the Company is not able to finance day-to-day activities through operations and continues to incur losses. The continuing operations of the Company are dependent upon its ability to attain profitable operations and generate funds therefrom. This indicates the existence of a material uncertainty that may cast significant doubt about the Company’s ability to continue as a going concern. Management intends to finance operating costs with equity financings and loans from directors and companies controlled by directors. If the Company is unable to continue as a going concern, the net realizable value of its assets may be materially less than the amounts on its condensed consolidated interim statement of financial position.

In March 2020 the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company’s business or ability to raise funds.

### 2. Significant accounting policies

#### (a) Basis of presentation

These financial statements have been prepared in conformity with International Accounting Standard (“IAS”) 34, Interim Financial Reporting, using the same accounting policies as detailed in the Company’s annual audited consolidated financial statements for the year ended September 30, 2020, and do not include all the information required for full annual financial statements in accordance with International Financial Reporting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”). It is suggested that these financial statements be read in conjunction with the annual audited financial statements.

These financial statements have been prepared on an historical cost basis, except for financial instruments measured at fair value. In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

All amounts in these financial statements are presented in Canadian dollars, which is the functional currency of the Company. See note 2(b) for functional currency details of the Company’s subsidiaries.

---

**2. Significant accounting policies (continued)****(b) Basis of consolidation**

These financial statements include the accounts of the Company and its subsidiaries. The results of each subsidiary will continue to be included in the consolidated financial statements of the Company until the date that the Company's control over the subsidiary ceases. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

**(c) Future changes in accounting policies**

A number of new standards, and amendments to standards and interpretations, are not yet effective for the nine months ended June 30, 2021 and have not been applied in preparing the financial statements. These new standards are either not applicable or are not expected to have a significant impact on the Company's consolidated financial statements.

#### 3. Acquisitions and investments

##### Mary's Wellness Ltd. ("MWL")

On March 20, 2019, the Company converted its \$100,000 convertible loan receivable to 5% of the common shares in MWL. The investment in MWL was recorded at cost as the Company does not have significant influence nor control over MWL. On September 30, 2019, due to the inability of the Company to obtain recent financial information of MWL and given the Company did not receive any returns from this investment, the Company had impaired this investment to \$nil, resulting in an impairment loss of \$100,000. The Company assessed the investment at June 30, 2021 and no reversal of impairment was noted.

##### Sunshine State Tea Company, LLC ("SSTC")

On February 6, 2020, the Company entered into a Limited Liability Company Membership Interest Purchase Agreement (the "Agreement") with SSTC, a private Florida, United States company controlled by the Company's CEO, Meris Kott, to purchase 18% membership interest in SSTC. The assets in SSTC include formulas related to SSTC tea product line.

On April 1, 2020, the Company issued 1,125,000 common shares to Meris Kott, to acquire an 18% membership interest of SSTC. As additional consideration of the transaction, the Company shall loan the sum of \$500,000 to SSTC for project and business development over the next 3 years, which the loan shall be repaid within 5 years from the date of the last funding and shall bear interest at 6% per annum. This acquisition has been accounted for as an asset acquisition as SSTC does not meet the definition of a business under *IFRS 3, Business Combinations*.

In accordance with *IFRS 2 – Share based payments*, the equity consideration on transfer was measured at fair value on the date of acquisition, which is the date control was obtained.

---

Consideration paid:	
1,125,000 common shares at \$0.24 per share	\$ 270,000

---

The fair value share consideration pertaining to the asset acquisition was \$270,000. The consideration paid was recognized as share-based payments in the amount of \$270,000 during the year ended September 30, 2020.

##### KaleidoMyco, LLC ("KM")

On April 5, 2021, the Company entered into a Limited Liability Company Membership Interest Purchase Agreement (the "Agreement") with KM, a private Florida, United States company, to acquire up to 100% membership interest in KM. The assets in KM include formulas related to KM's product line.

The Company shall purchase all the membership interest in KM in one (1) tranche representing a 70% membership interest and the second (2) tranche representing a 30% membership interest.

In consideration for the purchase of the assets and membership interests, the Company shall pay KM the following:

- A. \$2,000,000 ("Purchase Price") in common shares of the Company with additional contingent consideration based on performance of the assets.
- B. Bonus of value to \$2,500,000 in common shares of the Company if the assets realize \$2,000,000 in revenues in year two following closing.

The Purchase Price shall be tendered as follows:

- (i) \$1,000,000 in common shares upon closing, payable in three instalments representing a 70% of membership interest as follows:
  - a. \$350,000 in common shares (completed) upon signing of definitive agreement;
  - b. \$400,000 in common shares (\$87,500 issued) on or before August 5, 2021; and
  - c. \$250,000 in common shares on or before December 5, 2021.
- (ii) \$1,000,000 in common shares for the remaining 30% of the membership interest.

**3. Acquisitions and investments (continued)****KaleidoMyco, LLC (“KM”) (continued)**

This acquisition has been accounted for as a asset acquisition as KM does not meet the definition of a business under *IFRS 3, Business Combinations*.

In accordance with *IFRS 2 – Share based payments*, the equity consideration on transfer was measured at fair value on the date of acquisition, which is the date control was obtained.

---

Consideration incurred:	
1,750,000 common shares at \$0.25 per share	\$ 437,500

---

The fair value share consideration pertaining to the asset acquisition is \$437,500. The consideration paid was recognized as share-based payments in the amount of \$437,500 during the nine months ended June 30, 2021.

#### 4. Convertible loans receivable (continued)

##### **Biolog, Inc.**

On August 21, 2018 ("Effective Date"), the Company subscribed for a convertible secured promissory note with Biolog, Inc. ("Biolog"), a private company incorporated in the State of Utah. The Company has agreed to advance up to USD\$800,000 in tranches. Advances are secured by the assets of Biolog and bear interest at 14%, payable monthly, and the promissory note is due on September 1, 2020. On the Effective Date, the Company advanced \$194,000. The note may be converted into common shares of Biolog at a price equal to a 10% discount to the valuation of Biolog immediately from any financing immediately prior to the date of conversion.

In addition, Biolog issued warrants equivalent to 20% of the amount of the note based upon its valuation as of the Effective Date which is stipulated to be USD\$10,000,000. The option to settle the convertible note and warrants in common shares of Biolog represents an embedded derivative in the form of a call option to the Company. Biolog is a private company and its shares cannot be reliably valued using any market-derived indicators. Accordingly, the derivative asset was initially recognized by the Company at \$nil value. As at September 30, 2019 and September 30, 2020, the fair value of the derivative asset remained the same.

Management completed a thorough analysis as to any expected credit losses on certain of its financial assets. Accordingly, management has been unable to review financial information of Biolog and has assessed the high likelihood of un-collectability in respect to the principal portion of the loan. Thus, the entire balance of convertible note receivable remains impaired. As such time the loan is repaid in full, the Company will recognize a recovery of the impairment amount. This loan continues to be secured by the borrowers' assets. As at September 30, 2020 and June 30, 2021, the loan was in default. The Company will be taking the steps of recovery through the borrowers' assets.

##### **Biominales Pharma Corp.**

On August 27, 2018 ("Effective Date"), the Company subscribed for a convertible secured promissory note with Biominales Pharma Corp. ("Biopharma"), a private company incorporated under the laws of the Province of Quebec. The Company has agreed to advance up to USD\$196,184. Advances are secured by the assets of Biopharma and bears interest at 14% annually, payable monthly; and the promissory note is due on October 1, 2020. On the Effective Date, the Company advanced \$255,000 under the note. The note may be converted into common shares of Biopharma at a price equal to a 10% discount to the price assigned to the common shares of Biopharma from any financing immediately prior to the date of conversion. The Company is not able to exert significant influence over the operations of Biopharma.

In addition, Biopharma issued 18,684 warrants, exercisable at a price of \$2.10 per warrant, to acquire one Class A common share in the capital of Biopharma for a period of 24 months. The option to settle the convertible note and the stock warrants in Class A common shares of Biopharma represents an embedded derivative in the form of a call option. Biopharma is a private company and its shares cannot be reliably valued using any market-derived indicators. As at September 30, 2018, the Company had not received repayment of such note and management has assessed the high likelihood of collectability. Thus, the entire balance of convertible note receivable had been impaired.

On October 1, 2018, a further \$250,000 was loaned to Biopharma under the same terms as the previously loaned \$255,000. This loan continues to be secured by the borrowers' assets. During the period ended September 30, 2020, Biopharma has made monthly interest payments in accordance with the promissory note totaling \$47,176.

Management completed a thorough analysis as to any expected credit losses on certain of its financial assets. Accordingly, management has not been satisfied through the review of financial information of Biominales and has assessed the high likelihood of un-collectability in respect to the principal portion of the loan. Thus, the entire balance of convertible note receivable was impaired \$505,000 as at September 30, 2020.

During the nine months ended June 30, 2021, the Company extended the loan payable maturity date to October 31, 2021. Biopharma has not made monthly interest payments in accordance with the promissory note.

**4. Convertible loans receivable (continued)****RxMM Health Capital Inc.**

On October 1, 2018, the Company entered into a US\$500,000 promissory note with RxMM Health (“RxMM”). The loan is secured by a general security agreement on assets of RxMM. The loan bears an interest at 14% compounded monthly and is repayable within 24 months. Furthermore, RxMM granted additional consideration to the Company providing an option to purchase common shares of RxMM equal to 20% of the amount of the loan based on a valuation agreed upon between RxMM and the Company. On October 9, 2018, the Company made a first tranche loan of \$220,740 CDN to RxMM. This loan continues to be secured by the borrowers’ assets.

Management completed a thorough analysis as to any expected credit losses on certain of its financial assets. Accordingly, management has been unable to review financial information of RxMM and has assessed the high likelihood of un-collectability in respect to the principal portion of the loan. Thus, the entire balance of convertible note receivable has been impaired. As such time the loan is repaid in full, the Company will recognize a recovery of the impairment amount. This loan continues to be secured by the borrowers’ assets. As at September 30, 2020 and June 30, 2021, the loan was in default. The Company will be taking the steps of recovery through the borrowers’ assets.

**Mary’s Wellness Ltd.**

On October 15, 2018, the Company entered into a \$1,000,000 promissory note with Mary’s Wellness Ltd. (“MWL”). The loan was secured by a general security agreement on assets of MWL. The loan bore an interest rate of 12.5% per annum compounded monthly and was repayable by November 1, 2020. Furthermore, MWL granted additional consideration to the Company providing an option to purchase common shares of MWL equal to 20% of the amount of the loan based on a valuation agreed upon between MWL and the Company. On October 19, 2018, the Company made a first tranche loan of \$100,000 CDN to MWL. This loan was secured by the borrowers’ assets. The entire loan was converted on March 20, 2019 to a 5% equity interest in MWL (Note 3).

**Winterlife Inc.**

On November 1, 2018, the Company entered into a USD\$1,000,000 promissory note with Winterlife Inc. (“Winterlife”). The loan is secured by a general security agreement on assets of Winterlife made effective on November 1, 2018. The loan bears an interest rate of 14% per annum compounded monthly and is repayable by November 1, 2020. Furthermore, Winterlife granted additional consideration to the Company providing an option to purchase common shares of Winterlife equal to 20% of the amount of the loan based on a valuation agreed upon between Winterlife and the Company. On November 6, 2018, the Company made a first tranche loan of \$100,080 CDN to Winterlife. This loan continues to be secured by the borrowers’ assets.

Management completed a thorough analysis as to any expected credit losses on certain of its financial assets. Accordingly, management has been unable to review financial information of Winterlife and has assessed the high likelihood of un-collectability in respect to the principal portion of the loan. Thus, the entire balance of convertible note receivable has been impaired. As such time the loan is repaid in full, the Company will recognize a recovery of the impairment amount. This loan continues to be secured by the borrowers’ assets. As at September 30, 2020 and June 30, 2021, the loan was in default. The Company will be taking the steps of recovery through the borrowers’ assets.

The Loan bears interest at 4% annually and is due on March 24, 2024 (the "Maturity Date"). Following the Maturity Date both principal and accrued interest shall bear interest at the rate of 8% annually. The Loan may be repaid at any time in whole or in part without penalty.

**10. Financial risk management****Capital management**

The Company is a merchant bank and considers items included in shareholders' equity (deficit) as capital. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of underlying assets. In order to maintain or adjust its capital structure, the Company may issue new shares, purchase shares for cancellation pursuant to normal course issuer bids or make special distributions to shareholders. The Company is not subject to any externally imposed capital requirements and does not presently utilize any quantitative measures to monitor its capital. The Company's capital structure as at June 30, 2021 is comprised of shareholders' deficit of \$447,602 (September 30, 2020 - \$260,655). There were no changes to the Company's management of capital during the nine months ended June 30, 2021.

The Company currently has no source of revenues except for interest received from convertible loans. In order to fund future projects and pay for administrative costs, the Company will spend its existing working capital and raise additional funds as needed. The Company's ability to continue as a going concern on a long-term basis and realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation is primarily dependent upon its ability to borrow or raise additional financing from equity markets.

**10. Financial risk management (continued)****Financial instruments - fair value**

The Company's financial instruments consist of cash, accounts payable and accrued liabilities and loan payable.

The carrying value of accounts payable and accrued liabilities and loan payable approximates their fair value because of the short-term nature of these instruments.

Financial instruments measured at fair value on the condensed consolidation interim statements of financial position are summarized into the following fair value hierarchy levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
<b>June 30, 2021</b>				
Cash	31,960	-	-	31,960
	<b>31,960</b>	-	-	<b>31,960</b>
<b>September 30, 2020</b>				
Cash	3,999	-	-	3,999
	<b>3,999</b>	-	-	<b>3,999</b>

**Financial instruments - risk**

The Company's financial instruments are exposed to certain financial risks, including credit risk, foreign exchange risk, and liquidity risk.

**a) Credit risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company's primary exposure to credit risk is on its bank account. All of its cash is deposited in a bank account held with a major bank in Canada. As most of the Company's cash is held by one bank there is a concentration of credit risk. This risk is managed by using a major bank that is a high credit quality financial institution as determined by rating agencies. The maximum exposure to credit risk is the carrying amount of the Company's financial instruments.

**b) Foreign exchange risk**

Foreign currency risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because they are denominated in currencies that differ from the respective functional currency. The Company is not exposed to significant foreign exchange risk.

**c) Liquidity risk**

Liquidity risk arises through the excess of financial obligations over available financial assets due at any point in time. The Company's objective in managing liquidity risk is to maintain sufficient readily available reserves in order to meet its liquidity requirements at any point in time.

Historically, the Company's main source of funding has been the issuance of equity securities for cash, primarily through private placements. The Company's access to financing is always uncertain. There can be no assurance of continued access to significant equity funding.
