If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

Due to the state of emergency measures in place in Ontario associated with the COVID-19 pandemic, there has been no development of the Issuer's existing mineral property (the "Mulloy Project") in the previous month. Also see #4.

On August 19, 2020, the Issuer announced a non-brokered private placement (the "Financing") to raise gross proceeds of up to \$300,000 to explore the Mulloy Project, evaluate other mineral properties, and increase its working capital. On August 24, 2020, the Issuer announced the completion of the Financing, which raised gross proceeds of \$310,000. Also see #14.

2. Provide a general overview and discussion of the activities of management.

Management continues to consider alternatives available to the Issuer within the mineral exploration industry to advance its business, in light of certain challenges and seasonal delays associated with advancing the Mulloy Project, although no determinations have been made to date.

Management also completed the Issuer's financial reporting for the most recently completed fiscal quarter ended June 30, 2020, as well as shareholder meeting materials for the Issuer's shareholder meeting to be held in September.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

None.

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

The Mulloy Project is impractical to explore during warmer months due to its swampy terrain, and accordingly, the Issuer has to wait until nearer to the winter season to plan and conduct any future exploration activities. As such, the Issuer will be revisiting its exploration decisions and plans for the Mulloy Project later

in 2020, depending on prevailing circumstances at that time. Also see #1 and #2.

5. Describe any new business relationships entered into between the Issuer, the Issuer's affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

None.

6. Describe the expiry or termination of any contracts or agreements between the Issuer, the Issuer's affiliates or third parties or cancellation of any financing arrangements that have been previously announced.

None.

7. Describe any acquisitions by the Issuer or dispositions of the Issuer's assets that occurred during the preceding month. Provide details of the nature of the assets acquired or disposed of and provide details of the consideration paid or payable together with a schedule of payments if applicable, and of any valuation. State how the consideration was determined and whether the acquisition was from or the disposition was to a Related Person of the Issuer and provide details of the relationship.

None.

8. Describe the acquisition of new customers or loss of customers.

Not applicable.

9. Describe any new developments or effects on intangible products such as brand names, circulation lists, copyrights, franchises, licenses, patents, software, subscription lists and trade-marks.

Not applicable.

10. Report on any employee hirings, terminations or lay-offs with details of anticipated length of lay-offs.

None.

11. Report on any labour disputes and resolutions of those disputes if applicable.

Not applicable.

12. Describe and provide details of legal proceedings to which the Issuer became a party, including the name of the court or agency, the date instituted, the principal parties to the proceedings, the nature of the claim, the amount claimed, if any, if the proceedings are being contested, and the present status of the proceedings.

None.

13. Provide details of any indebtedness incurred or repaid by the Issuer together with the terms of such indebtedness.

None other than ordinary course trade payables.

14. Provide details of any securities issued and options or warrants granted.

Security	Number Issued	Details of Issuance	Use of Proceeds⁽¹⁾
Common Shares	6,200,000	Financing @ \$0.05 per common share	See #1

(1) State aggregate proceeds and intended allocation of proceeds.

15. Provide details of any loans to or by Related Persons.

None.

16. Provide details of any changes in directors, officers or committee members.

None.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

The Issuer is likely to be most impacted by the price of graphite, which has held fairly stable in 2020. This Issuer is also impacted by volatility in the capital markets insofar as that affects the Issuer's ability to raise capital as a junior mineral exploration company, although the Issuer was able to successfully complete the Financing.

The COVID-19 pandemic is hindering the Issuer's ability to undertake further exploration work at the Mulloy Project.
