ABOUT INTERRA COPPER CORP.

Interra is a junior exploration and development company focused on creating shareholder value through the advancements of its current assets that include the Thane Property in north-central British Columbia, and the Bullard Pass Property in Arizona. Utilizing its heavily experienced management team, IMC continues to source and evaluate assets to further generate shareholder value.

The Thane property covers approximately 206 km² (50,904 acres) and is located in the Quesnel Terrane of north-central British Columbia, midway between the previous operated open pit Kemess Mine and the currently operating open pit Mount Milligan mine, both two copper-gold porphyry deposits. The Thane property includes several highly prospective mineralized areas identified to date, including the 'Cathedral Area' on which the Company's exploration is currently focused.
