4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

The operator of the Sfax Permit in Tunisia, Panoro Energy ASA (“Panoro”) announced that the timing to drill the Salloum West #1 exploration well (the “SW Well”) was delayed until Q3 2020 as they were awaiting approval from a government agency. Subsequent to Panoro’s announcement that the drilling of the SW Well was delayed to Q3 2020, the Tunisian government announced that its borders were being closed due to the Covid-19 pandemic, and that travel within the country would be limited. In March 2020, Panoro declared force majeure for the Sfax Permit after the Tunisian government imposed travel restrictions throughout the country due to the COVID-19 pandemic. Recently, some COVID-19 restrictions were relaxed but drilling is held up waiting on regulatory approvals by Ministries of Tunisia affected by the virus. This results in a delay to drill the SW Well.
