BOCA RATON, Fla., November 14, 2023 -- [Jushi Holdings Inc.](#) ("Jushi" or the "Company") (**CSE: JUSH**) (**OTCQX: JUSHF**), a vertically integrated, multi-state cannabis operator, is pleased to announce its financial results for the third quarter ended September 30, 2023 ("Q3 2023"). All financial information is unaudited and provided in U.S. dollars unless otherwise indicated and is prepared under U.S. Generally Accepted Accounting Principles ("GAAP").

Third Quarter 2023 Financial Highlights¹

- Total revenue of \$65.4 million
- Gross profit margin was 43.6%, compared to 38.1% in the third quarter ended September 30, 2022 ("Q3 2022") and 46.0% in the second quarter ended June 30, 2023 ("Q2 2023")
- Net loss of \$20.6 million, an improvement of \$34.1 million year-over-year
- Adjusted EBITDA¹ of \$9.7 million, an improvement of \$9.1 million year-over-year
- Cash, cash equivalents, and restricted cash of \$30.5 million as of quarter end

¹ See "Use of Non-GAAP Financial Information" and "Unaudited Reconciliation of Net Income (Loss) to Adjusted EBITDA and Adjusted EBITDA Margin" below.

Third Quarter 2023 Operational Highlights

- Achieved notable operating performance improvements at the Company's grower-processor facilities in Pennsylvania, Virginia, and Massachusetts, with further expected enhancements throughout the remainder of the year
- Introduced new premium flower brand, Hijinks in Pennsylvania and Massachusetts, with an anticipated launch in Nevada during the first half of 2024

- Expanded distribution of Kind Grind, Sèchè's high potency, value focused line of pre-ground infused flower, to Pennsylvania following a successful launch in Massachusetts in the first quarter of 2023, with an expected entrance to Virginia in the first half of 2024
- Debuted 10 new SKUs in Q3 2023 across five brands, with approximately eight to 10 SKUs anticipated to be introduced to consumers by year-end
- Expanded the Company's retail footprint in Virginia with the opening of a sixth Beyond Hello™ medical cannabis dispensary in Woodbridge, VA
- Achieved Jushi-branded product sales of approximately 52.2% of total retail revenue in Q3 2023, and approximately 49.4% in the first nine months of 2023, across the Company's five vertical markets

Post Quarter-End Developments

- Continued debt reduction with the payment of approximately \$2.4 million on the Company's first lien financing with Sunstream Bancorp Inc.
- Anticipate total of at least \$5.5 million in cash proceeds from sales of non-core assets for fiscal year 2023, of which \$2.3 million has been received during the nine months ended September 30, 2023
- Successfully launched a troche line in Pennsylvania that is generating strong demand

Management Commentary

"Our third quarter results underscore the value of our disciplined cost management and efficiency optimization, demonstrating our progress towards achieving our long-term goal of sustained profitability and cash flow generation," said Jim Cacioppo, Chief Executive Officer, Chairman, and Founder of Jushi. "We maintained a healthy gross margin of 43.6% as a result of our continued focus on cost containment and reduction through tight resource management, deployment of cross-functional teams, packaging enhancements, and operational enhancements at our grower-processor facilities. We expanded our Jushi-branded product sales, which accounted for over half of our retail revenue across our vertical footprint. Additionally, our grower-processor facilities in Pennsylvania and Virginia are continually improving in terms of both increased yield and quality of output."

Mr. Cacioppo continued, "Our enhanced cultivation and processing capabilities have enabled us to diversify our product offering as well as increase our competitiveness on quality, cost, and distribution. Over the last several weeks, we have seen a tremendous customer response to our newly launched product SKUs. The debut of our Hijinks brand in Pennsylvania and Massachusetts has been very well received, often being among the top-selling Jushi-branded SKUs in our retail stores in each state. Kind Grind by Sèchè, our other newly launched collection, has continued to perform

strongly, resonating with consumers on its high potency, convenience, and affordability. Overall, new products accounted for approximately 5% of total Jushi packaged sales in the third quarter of 2023, and we expect this number to increase as we amplify our marketing and distribution efforts for these new offerings.”

Revenue in Q3 2023 was \$65.4 million as compared to \$72.8 million in the third quarter of 2022. The year-over-year decrease in revenue was related to a reduction in Illinois, Nevada, and Pennsylvania sales due to increased competition and pricing pressures, as well as the closure of three underperforming stores. The decrease was partially offset by new dispensary openings, in addition to increased sales in Virginia.

The Company ended the quarter with thirty-four operating dispensaries in seven states, as compared to thirty-five in six states at the end of September 30, 2022. Additionally, Jushi-branded product sales grew to approximately 52.2% of total retail sales in the Company's five vertical markets in Q3 2023.

Wholesale revenue increased \$1.1 million year-over-year due to continued advancements at our cultivation and processing facilities that has enabled us to diversify our product offerings, as well as increase our competitiveness on quality, cost, and distribution.

Gross profit in Q3 2023 increased 2.8% year-over-year to \$28.5 million compared to \$27.7 million in Q3 2022. Gross profit margin increased to 43.6% compared to 38.1% in Q3 2022. Year-over-year improvements in gross profit and gross profit margin were driven by increased operating efficiencies at the Company's grower-processor facilities in Massachusetts, Pennsylvania, and Virginia, as well as increased sell through of our branded products which have higher margins. This increase was partially offset by market price compression and increased competition in Illinois, Nevada, and Pennsylvania.

Operating expenses for Q3 2023 were \$25.7 million, compared to \$78.2 million in Q3 2022, a reduction of \$52.5 million or 67.1% year-over-year. Salaries, wages, and employee-related expenses decreased due to a decrease in the number of

employees as the Company works to right size the organization, as well as due to changes to the Company's staffing models at the retail stores. Lower share-based compensation expense reflects lower value of share-based compensation granted as well as forfeitures of unvested equity awards. The three months ended September 30, 2022 includes general and administrative expenses related to the Company's transition to GAAP reporting and costs associated with the Company's registration with the SEC, which is included in professional fees and legal expenses, as well as non-cash impairment charge of \$37.6 million related to the business licenses associated with operations in Massachusetts.

Net loss for Q3 2023 was \$20.6 million primarily due to the fair value loss on derivatives of \$7.5 million, interest expense of \$9.3 million and income tax expense of \$8 million, which was partially offset by income from operations of \$2.8 million. This compared to a net loss of \$54.7 million in Q3 2022 primarily due to a loss from operations of \$50.4 million that included a non-cash impairment charge of \$37.6 million related to the business license associated with operations in Massachusetts, and interest expense of \$13.1 million partially offset by a gain on the fair value of derivatives of \$6.4 million and income tax benefit of \$2.8 million.

Adjusted EBITDA¹ in Q3 2023 was \$9.7 million compared to \$0.7 million in Q3 2022, representing an improvement of \$9.1 million year-over-year.

UNAUDITED RECONCILIATION OF NET INCOME (LOSS) TO ADJUSTED EBITDA
and CALCULATION OF ADJUSTED EBITDA MARGIN

EBITDA, Adjusted EBITDA, and Adjusted EBITDA Margin

In addition to providing financial measurements based on GAAP, we provide additional financial metrics that are not prepared in accordance with GAAP. We use non-GAAP financial measures, in addition to GAAP financial measures, to understand and compare operating results across accounting periods, for financial and operational decision making, for planning and forecasting purposes and to evaluate our financial performance. These non-GAAP financial measures are EBITDA, Adjusted EBITDA, and Adjusted EBITDA Margin (each as defined below). We believe that these non-GAAP financial measures reflect our ongoing business by excluding the effects of expenses that are not reflective of our operating business performance and allow for meaningful comparisons and analysis of trends in our business. These non-GAAP financial measures also facilitate comparing financial results across accounting periods and to those of peer companies. As there are no standardized methods of calculating these non-GAAP measures, our methods may differ from those used by others, and accordingly, the use of these measures may not be directly comparable to similar measures used by others, thus limiting their usefulness. Accordingly, these non-GAAP measures are intended to provide additional information and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with GAAP.

EBITDA, Adjusted EBITDA, and Adjusted EBITDA Margin are financial measures that are not defined under GAAP. We define EBITDA as net income (loss), or “earnings”, before interest, income taxes, depreciation and amortization. We define Adjusted EBITDA as EBITDA before: (i) non-cash share-based compensation expense; (ii) inventory-related adjustments; (iii) fair value changes in derivatives; (iv) other (income)/expense items; (v) transaction costs; (vi) asset impairment; (vii) loss on debt extinguishment; and (viii) start-up costs. Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by total revenue. These financial measures are metrics that have been adjusted from the GAAP net

income (loss) measure in an effort to provide readers with a normalized metric in making comparisons more meaningful across the cannabis industry, as well as to remove non-recurring, irregular and one-time items that may otherwise distort the GAAP net income measure. Other companies in our industry may calculate this measure differently, limiting their usefulness as comparative measures.

(1) Net loss includes amounts attributable to non-controlling interests.

(2) Includes amounts that are included in cost of goods sold and in operating expenses.

(3) Includes: (i) inventory step-up on business combinations; (ii) inventory recall reserves; and (iii) reserves for discontinued products. The inventory step-up on business combinations relates to the fair value write-up on inventory acquired on the business acquisition date and then sold subsequent to the acquisition date. The inventory recall reserves relate to the estimated impact of the Pennsylvania Department of Health recall and ban of vape products containing certain cannabis concentrates. The ban was lifted in June 2022.

(4) Includes: (i) remeasurement of contingent consideration related to acquisitions; (ii) losses (gains) on legal settlements; and (iii) severance costs.

(5) Expansion and start-up costs incurred in order to prepare a location for its intended use. Start-up costs are expensed as incurred and are not indicative of ongoing operations of each new location.

(6) Transaction costs include: (i) registration statement costs such as professional fees and other costs relating to our SEC registration; and (ii) acquisition and deal costs.
